READ—the following paper:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 13th August 1897, Circular No. 4, Public Works.

[Allowances admissible to non-commissioned officers on the Unattached List during furlough to England on private affairs.]

Rule VIII of the rules regulating the grant of furlough on private affairs to Warrant and non-commissioned officers of the British Service and on the Unattached List which were circulated with Public Works Department Circular No. 3, P.W., dated the 31st December 1894, and referred to in Volume I of the Public Works Department Code (Chapter V, paragraph 107), provides that such furlough under those rules can only be granted to Unattached List men on the understanding that no expense beyond that for passage by rail and sea is caused to the State. The same rule leaves it to the officers under whom the non-commissioned officer is serving to regulate his pay during furlough according to the fact of a substitute being provided or not. Under this rule a non-commissioned officer was eligible while on furlough on private affairs to receive the full staff pay of his appointment in addition to the military pay of his rank if no substitute was engaged.

The Secretary of State has, however, ruled on a reference from the Government of India that non-commissioned officers on the Unattached List, who draw military pay and staff salary, shall, while on furlough out of India on private affairs, be allowed, no more than the British pay of their rank in sterling with ration money at 6*d.* a day, and half staff pay convertible into sterling at the rate of 1*s.* 6*d.* to the rupee for the first six months of their furlough, even though no substitute is appointed in their place.

The orders of the Secretary of State have been embodied in Volume I of Army Regulations, India, as Article 1012 A., to which I am to invite attention. That rule further provides that the amount payable to the substitute, if any, shall not exceed the sum saved from the emoluments of the office of the absentee. The above decision has effect from the trooping season of 1895-96.

I am to state that clause 40 of Army Circulars, India, of 1894, is under revision, and the clause as revised will shortly issue.

ORDER—No. 2446 W., dated 3rd September 1897.

Communicated to officers of the Public Works Department, with reference to the Chief Engineer's memo., No. 3889 C., dated 4th December 1894.

W directs that the estimate for the ryots' shed should be rejected (under G.O. 1409 W d/ 21.5.89) unless there have been any orders issued since he ryots' sheds.

Under para 2 of G.O. 3356 W d/ 23.11.96 plans & estimates should be prepared for ryots sheds in conjunction with Taluk offices in all places where Collectors are satisfied that sheds are necessary.

From the S.C.'s letter No. 149 M.D d/ 12.2.97 to the Collector it would appear that the Revenue dept. considered the shed as well as the other items of the estimate ~~necessary~~ necessary.

Submitted therefore that the estimate be sanctioned.
