To W.

I receive periodical reports from Messrs. T. Jeyram Chetty and M. G. Pereira in their own hand writing of the work they do and the irregularities etc. that their inspections disclose, and I have no reason to doubt that they are the actual men who go round visiting the several offices in the 3rd. Circle.

2. The Superintending Engineer, however, must be much better acquainted with their actual movements than I am as, during the famine, they are directly under his orders.
