Enclosure. 1

I have the honor to forward herewith in original a letter received from the Rev. D. W. Kidd Chaplain and Manager of St John's school Vellore, and to request the favor of instructions as to whether the repairs asked for are to be executed by this department and if so whether the cost is to be debited to Provincial or Imperial military funds.

2. The building in the fort known as the Warrant officer's quarters has been in use as a school for over 50 years free of rent. This building was handed over to this Division in April 1895 by the military works department and this is the first time the Madras P.W. department has been requisitioned for repairs

repairs since the transfer.

3. The fees levied do not accrue to Government and the school is not therefore a Government institution.

4. There is nothing on record in this office to show the conditions under which the building is occupied but the Chaplain reports that "Government for more than 50 years "has borne all the incidental expenses of the upkeep of the building "& has placed it at the disposal of "the Chaplain for a school absolutely free of charge".

2. Under G.O. No 2145 W, dated 28 August 1895, I am of opinion that the cost of repairs to the building should be borne by Provincial Funds as the building is used as a Church (Ecclesiastical) School under the management of the Chaplain.

3. As I am required by the Examiner to quote authority in my Return of Public Buildings rented and available for rent for

for the occupation of the above building by the Chaplain free of rent, I request that you will be good enough to obtain orders of Government for his doing so. On the other hand if it is the intention of Government that rent should be levied, I shall submit a data statement showing capital value &ca of the building if ordered.

4. In this connection, I beg also to add that the following are the buildings in the fort for the occupation of which rent is recovered and that the rents recovered are credited to Provincial only.

If the school is not a Government institution the accommodation cannot be given free of rent, the school must be treated as a private institution. If it is a Govt. institution the accommodation might be made over to the Government Department concerned. In the first case the repairs would be charged to Provincial if the rent is credited (as in the case of the rest of the buildings) to Provincial. In the latter the repairs would probably be done by the P.W.D.

Endorsement of the Public Works Department, No.3936 C, dated 7th November 1896, on letter from the Examiner, Public Works Accounts, Madras, No.3240 D/A, dated 29th October 1896.

From the Director of Public Instruction, Madras, No. 15311, dated 9th December 1896:—

With reference to endorsement No.2403 dated 19th November 1896, I have the honour to observe that the school referred to is an aided school of the lower secondary grade under private management, with the third as the highest form. As it appears to be an institution specially intended for Europeans, I would strongly recommend that the school authorities be exempted from payment of rent and that the cost of repairs, &c,, of the building in which it is located be borne from ~~the~~ Provincial funds. I would, in this connection, invite the attention of Government to the fact that the school is in receipt of salary grants amounting to Rs.36-10-8 only a month. The industrial school, Madras, intended for poor Europeans, is located in a Government building free of rent and the repairs to the building are executed from Provincial funds.

Order No.29, dated 15th January 1897.

The Director of Public Instruction's letter will be communicated to the Public Works Department, with the

remark

remark that the Government accepts his recommendation to exempt the school authorities from payment of rent so long as the school maintains its present status, and to keep the fabric of the building in repair at the public charge.
