Subtract from the list of disallowance from the Salary Bill for the month of May 1897 of Tanjore Division, V Circle.

6.

It is observed that there are 3 clerks 5 class 1st grade and 3 persons Supernumerary consequent on the transfer of Upper Subordinates for famine duty: thus necessitating the services of the acting men being dispensed with. In the case of permanent men, Superintending Engineer's orders may please be obtained regarding their disposal.

Signed C. Norfor
Executive Engineer
Tanjore Division

Supg Engineer V Circle

Copy of a letter from C.H.J. Korfors Esquire,
Executive Engineer, Tanjore Division, to the Super-
intending Engineer, 5 Circle, No 2780 dated 3rd July 1897

With reference to your endorsement No
194 G. dated 24 June 1897, on Chief Engineer's memo
No. 587 dated 19 June 1897, I have the honour
to bring to your notice that the services of all
Temporary Clerks and Peons of the Tanjore Division
have been dispensed with, as soon as the Tem-
porary and Extra Upper Subordinates allotted
to this Division were transferred for Famine
duty, leaving the permanent establishment
of the Division undisturbed.

2. The Examiners remarks in the accompa-
nying D.O. List on the Salary Bill for May 1897,
would show that the services of ^{even} ~~men~~ the

marginally noted permanent clerks
and peons, without reference to
the sanctioned scale for the Tanjore
Division have to be dispensed
with owing to transfer of other
Upper Subordinates.

3. If this is done, it is abso-
lutely impossible for me to manage
nearly 300 works, now in progress
in the Division, without sufficient
clerical staff to aid the sub-

Divisional

Divisional Officers and Quersers, who have to look after the works of one or two Taluqs in addition to their own legitimate duties.

4. Ever since I joined the Tanjore Division, there have often been complaints from my Sub Divisional officers regarding the inadequacy of their clerical staff to cope with the work (both accounts and correspondence) of the Sub Division, but I did not think of making any proposal for the required addition until I was fully satisfied as to its necessity, about which I am convinced.

5. Under the above circumstances I beg you will kindly allow me to retain my present clerical establishment with which I will try and manage for the present. The services of the acting clerks will be retained pending your orders on this reference.

N 2857.

To the Chief Engineer, P.W. Department,
for favour of obtaining the necessary sanction.

Note for H.E. the Governor.

His Excellency's Note of 11th August 1897 on Current No. 7487.

Each Executive division has a fixed establishment of permanent upper subordinates, and a certain number of temporary upper subordinate are allowed in addition according to requirements.

2. For each permanent upper subordinate, a permanent clerk and peon are allowed, while temporary clerks and peons are employed under the temporary upper subordinates.

3. If the temporary upper subordinates are transferred from a division, or are discharged, and are not replaced, the services of the temporary clerks and peons under them ^{are} ~~are~~ dispensed with. But if permanent -- upper subordinates are removed from a division without relief, their --- clerks and peons become supernumerary and remain so, until they can be absorbed, their services being utilised in the meantime to the best advantage.

4. Owing to the famine operations a large number of upper subordinates have been transferred to the I and III Circles, and their places in the non-affected ^{divisions} ~~districts~~ have not.

not been filled. The services of temporary clerks and peons under temporary upper subordinates thus transferred have been dispensed -- with, while a number of permanent -- clerks and peons have been left as supernumeraries. In the famine divisions, the men sent there for --- relief works have to be provided locally with temporary clerks and peons, and the supernumeraries in the non-affected divisions thus -- form an extra charge to the state. The Examiner therefore requires the sanction of Government to their -- retention.

5. So far as possible, the supernumerary clerks in many divisions -- have been required to proceed to the famine districts to serve under the extra upper subordinates there, but in some cases, sanction has been applied for to retain the supernumerary clerks in their own divisions on account of stress of work. Taluk and sub divisional charges have had in many cases to be doubled up, and the upper subordinates who thus have double charges are unable to get on with their one clerk and -- peon, and want the supernumerary -- hands to assist them.

6. In the Tanjore division, there are now three supernumerary clerks and

three peons, and the Executive Engineer presses strongly for their -- retention owing to the number of works to be supervised by the remaining upper subordinates, and it is proposed to comply with this request.

7. It happens that two of the permanent supernumerary clerks are -- absent, one on leave, and the other on special duty, and the Executive Engineer wishes to retain ^{their} ~~them~~ --- locum tenens. This seems only fair.

From the Superintending Engineer, II Circle, dated 10th October 1888, No. 275 G.L.
Office note from the Examiner, Public Works Accounts, dated 16th Nov. 1888, No. 2599.

ORDER—dated 23rd November 1888, No. 3707 W., Public Works.

Superintending Engineers are authorised to appoint a temporary clerk, V class, 1st grade, and a temporary lascar on Rs. 6 per mensem for employment under each permanent upper subordinate for whom no permanent or supernumerary clerks or lascars are available in a circle. The principle of discharging temporary men when permanent men become supernumerary should receive careful attention and should be enforced by the Examiner.

READ—the following letter from J. HANNAN, Esq., Superintending Engineer,
II Circle, to the Chief Engineer, Public Works Department, dated Bezváda,
28th January 1888, No. 406 G.L.:—

I have the honour to request you will be good enough to grant me a general permission to appoint a temporary clerk, 5th class, 1st grade, and a temporary lascar on Rs. 6 to work under temporary upper subordinates, who have already been, and will be, appointed to this circle, from, or subsequent to, the date on which such upper subordinates join the several divisions of this circle. These appointments will be duly intimated to the Examiner in the weekly returns. These appointments will cease from the date on which such upper subordinates quit the divisions concerned.

2. In making the above appointments, I beg to bring to your notice that the supernumerary permanent clerks will be first provided for.

To the Examiner of Public Works Accounts, dated 2nd February 1888, No. 433 C.
From the Examiner of Public Works Accounts, dated 11th February 1888, No. 1055.

ORDER—dated 16th February 1888, No. 537 W., Public Works.

Superintending Engineers are authorised to appoint a temporary clerk, 5th class, 1st grade, and a temporary lascar on Rs. 6, for employment under each temporary upper subordinate sanctioned. It will be understood that the establishment is not to be engaged unless absolutely necessary, and that it must be dispensed with when no longer required. Supernumerary hands must in all cases be first absorbed.
