READ—the following paper :—

From W. B. DEWINTON, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 28th August 1897, No. 3216 W.

I have the honour to state that, owing to the large number of famine coolies in the Adóni and Alúr taluks of Bellary district, it has been found necessary to form those taluks into separate sub-divisions, to enable the Sub-divisional officers to inspect their works with sufficient frequency. I enclose a statement showing the number and position of the sub-divisions now proposed, and beg that you will be good enough to obtain the sanction of Government thereto in supersession of the sanction given in G.O., No. 1948 W. of 17th July 1897.

P. W. D. Division.	District.	Number of sub-divisions.	Head-quarters.	Boundaries.	Number of relief works in progress.	Approximate present number on relief works.	Remarks.
Bellary.	Bellary.	1	Adóni.	All works in Adóni taluk, except the Alúr-Adóni road work and including the Adóni-Siruguppa road in Alúr taluk.	9	48,423	These are identical with the regular Bellary sub-division and part of the regular Hospet sub-division, so that only two sub-divisions require sanction. The Sub-divisional officers are in charge of ordinary as well as of famine-relief works.
