Sir,

Sir,

I am directed to inform you that the Government of Madras have represented to this Office that the Chart and plan which accompanied your report of the 25th May 1892 on the condition of the harbour at Vizagapatam have been destroyed by fire, and that they are desirous of obtaining copies of the same.

That you will be good

I am accordingly to request that you will be good enough to furnish this Office with copies of the plans in question for transmission to the Government of Madras.

I am &c.,

The Under Secretary of State for India,
India Office.

Sir,

With reference to your letter of April 21st 1897, P.W
684, and my subsequent interview with you on May 5th at
the India Office.

Private affairs of a most pressing and rather painful
nature forced me to return to Switzerland as soon as I had
finished the copies of the plans of Vizagapatam Harbour.
This is not what I wished to do, but as I have said,
matters were most pressing.

On May 25th I sent the plans by special messenger to
the India Office, finished and signed - and was handed a
receipt for the same signed by "Francis M. Duchett (?)"

It was necessary to repeat the plans on strong
mounted Drawing paper and this took very much longer than
I at first anticipated when I thought that perhaps tracings
would suffice.

It was unfortunate that the plans were wanted just at
the present time as I was obliged to come home and stay at
home at ordinary rates of expense for 23 days.

I feel sure therefore that a charge of Eighty guineas
(£84) cannot be regarded as excessive when as a matter of
fact this does not yield me more than a most moderate fee
