P.W.D.C.No.7541.

Note by the Chief Engineer, P.W.D.

There is no rule in the P.W. Department under which a sub overseer can never rise to the grade of overseer. A man who has passed the College of Engineering test for -- Engineer subordinate and takes --- service as a sub overseer is not -- absolutely debarred from promotion to the upper subordinate establishment. Such promotions to the permanent upper subordinate establishment are now rarely made, as all -- vacancies are reserved for the students who annually pass out of the College, but among the older upper subordinates, there are several who have risen from the lower subordinate establishment. At present it is not uncommon to appoint duly qualified sub overseers to be temporary upper subordinates.

2. In the opinion of the undersigned there is no reason why the sanctioned scale of Local Fund -- overseers and sub overseers, which corresponds with the P.W. Scale, --- should be unworkable. The undersigned believes that no 1st grade sub overseer in the P.W. Department would

Referring letter from the President
Dist. Board Kollara requesting
sanction of Govt. to certain
modifications proposed in
the rate of pay allowed to 3rd
grade overseers & 1st grade
sub overseers of the L & M. Dept.

would refuse promotion to overseer
3rd grade, in view of the improved
position, higher travelling allow-
ances and better prospects which he
^{he} could thereby attain. If considered
necessary, a deserving sub overseer
1st grade in receipt of Rs. 70 per
mensem, on promotion to overseer
3rd grade, might be protected from
loss of pay by the grant of a per-
sonal allowance, in accordance with the
principle of para 16, Chapter II Vol.
I P.W. Code, but it must be pointed
out that a sub overseer 1st grade
in receipt of Rs. 70 per mensem -
would be a man who had been over
ten years in the grade, and if he
had risen ^{from} ~~in~~ the 3rd grade, he would
probably be old and effete. The ap-
pointment to the overseer class of
a sub overseer who had earned the
maximum salary of his grade would
probably never take place in the
P.W. Department, as selection for such
promotion would be from young and
energetic men who had displayed --
special qualifications.
