

Public Works (1897) Department.

G.O., No. 2557 W

DATED 15 September 1897

[Despatch Abstract.]

Vizalaphalam Water Works. Comts to the S.E.
I seek for guidance from the Local Supt
stating that as the land belongs to the Municipality
the mode of demarcating the land acquired for
the purpose should be settled in consultation
with the Municipal Council and considering
that the Collector should be consulted in
the matter of the demarcation of the water shed
of the lake.

From

D. Roscoe Allen Esq.
Resident Engineer Viraj Dn.
The Superintendent Esq.
1st Circle,

Sir,

On, I have the honour to inform you that the Viragabataam Waterworks are being undertaken by the P.D. for the Viragabataam Municipality, such land as is being taken up for the water-works becomes the property of the Viragabataam Municipality. It transpires that you have ordered such land to be marked out with P.D. Stones which the Municipality is sure to object to, and in which objection they will, in my opinion be supported by every one and all to whom they are likely to appeal. It seems to me to be the reasonable and proper course to mark such land out, with Stones bearing the letter V.M. (Viragabataam Municipality) and I request orders on the Subject

2. If you see fit to approve of my suggestion, I request you will give me definite orders as to the disposal of all Ph. Stones already prepared by the Contractor.

Q. I also wish to know as to the agreement you made with the Contractor for payment of these Stones.

If not demarcated. I see no good reason at all
the waters here and for demarcating the waterspread of the
may be encroached lake and suggest rather demarcating
as when the Lake is low. Such land as has been acquired for the
is low
all cannot be used as

On addition I
do not agree
with, as most
assuredly East
house, a strong
claim as there

But the village
accounts aren't

I have etc

(M) P. Roscoe Allen

Chief Engineer

No. 507 V. Z. dated 28th July 1897.

Copy submitted to the Chief Engr
P.W. Department for favor of order.
In as much as Government contribute
half the cost from Provincial funds,
and further on the principle that all
irrigation works even when the full
cost is paid by those interested and
carried out by this Department, become
the property of Government, so, it is
considered should these and similar
works, and the land be demarcated
accordingly.
