READ—the following papers:—

From W. C. LEWIS, Esq., Executive Engineer, Kistna Western division, to the Superintending Engineer, II Circle, dated 1st July 1897, No. 129 S.

In forwarding copies of correspondence between this office and the Local Board Engineer, Kistna, relating to making over the portion of the Great Northern road from the undersluices of the anicut on the Sitanagaram side for maintenance by the Public Works Department, I have the honour to submit, herewith, an estimate for the maintenance of the road in 1897-98, amounting to Rs. 125, and request that you will be good enough to obtain the sanction of Government to the same and to arrange for placing the requisite funds at the disposal of this department through the Accountant-General.

No. 1090 K.W.

Forwarded to the Chief Engineer, Public Works Department, for favour of sanction of Government being obtained to the estimate, amounting to Rs. 125, for maintenance of Great Northern road from the undersluices to Kistna anicut on Sitanagaram side for a length of 6 furlongs 427 feet and for appropriation of funds.

16th July 1897.

(Signed) W. M. ELLIS,
for Supg. Engineer, II Circle.

From the Superintending Engineer, II Circle, dated 6th August 1897, No. 1337 K.W.

ORDER—No. 2561 W., dated 16th September 1897.

The transfer to the Public Works Department of the portion of the Great Northern road from the undersluices of the Kistna anicut on the side of Sitanagaram for a length of 6 furlongs and 427 feet is approved, and the estimate of Rs. 125 for its maintenance during 1897-98 is returned to the Superintending Engineer for disposal.

2. The Local and Municipal Department will be requested to arrange for placing the amount at the disposal of the Public Works Department in the current official year and for the inclusion of the item in future years in the budget estimate of Local Fund works to be carried out by the Public Works Department.

Note

The Executive Engrs, Krishna Western Division, brought to the notice of the President, District Board, Krishna, that the shed erected by the toll Contractor on the side of the road about opposite $\frac{2}{5}$ mile of the Main Canal might be removed, as the locality was required in connection with plots for the wharves on the bank of the Canal, and suggested that the length of the road from the landing stage near the river in the bundavalli vagu to where the road leaves the main Canal about at $\frac{2}{5}$ mile might be placed in charge of the P.W.D. with a suitable allowance for maintenance. The President pointed out to the Ex Engrs that the place wherein the shed was erected was a part of the road lanka and requested that ^{inquiries} might be made of the Revenue Department as regards the correctness or otherwise of his statements. The Ex Engrs replied that the only land attached to the road was the land occupied by the road itself, that he exercised full control over the bank situated to the west of the road, that his not having objected to the planting

planting of some trees on a bank of the road did not establish the Board's ownership, and that a width of 9 feet might be considered as part of the road. The President then asked for copies of the correspondence which led to the transfer to the P.W.D. of a portion of the old Great Northern road. The Ex. Engr. replied that no papers on the subject were available in his office and stated that the toll contractor's hut was an impediment to the construction of a wharf on the Canal and that the gate, if moved further west, would still command all-through traffic. After some correspondence which ensued between the Ex. Engr. and the District Board Engr. in regard to the limits of the portion of the road to be transferred, the latter officer recommended to the President that the length of the road applied for by the P.W.D. might be placed at the disposal of that Dept. with a maintenance grant of Rs 125 and reported that the toll contractor had been directed to remove his shed. The President in his letter No 1828 d/23rd October 1896 accordingly requested the Dist. Board Engr. to include the provision of Rs 125 in his budget estimate for 1897-98.

2 The Supty Engr. submits for sanction an estimate of Rs 125 for the maintenance of the road in question and requests that arrangements may be made for placing the amount at the disposal of the P.W.D.
