Enclosures.

I have the honour to report that one of the buildings of the old Civil Orphan Asylum North Black Town, used as a workshop was lent to the Church Mission Society to be used as a free school free of rent, the Mission vacated the building last year and I took charge of it. It consists of a shed roofed with country tiles supported by Palmyrah couplets which are much decayed and a portion of the roof has fallen in. I request permission to dismantle the building up to floor level & sell the materials by public auction as I consider the building beyond repair and unsafe. The Municipality have given
