OFFICE OF THE CONSULTING ARCHITECT

TO THE GOVERNMENT OF MADRAS,

Chepak, 189 .

No.

COPY of a communication from the Executive Engineer, Madras
Division Military Works to the Consulting Architect
to Government, No. 212 dated 15 January 1897.

There is a small latrine, used by the men attending Divine Service in the corner of the Church Compound, Fort St. George, which I understand was built by Military Works agency some years since. This building is not on the books of the Department and its existence is an anomaly, which would be removed if you think fit to take possession of it and maintain it.

2. The matter has been brought to my notice by a Complaint made by the Garrison Chaplain, who finds that the building is used by clerks from various offices in the Fort and objects to the resulting nuisance. A latrine for men attending church is certainly desirable but its use by out-riders is at least equally objectionable, and the Chaplain wants a door fitted to the building.

(Enclosure)

Yours faithfully
The Engineer
Consulting Architect to Govt

Office of the Consulting Architect to Govt.,
Chespaugh, Madras,
16 January 1897.

No. 4838

From G. S. J. Harris Esq.
Henry Irwin, Esq., C.I.E.,
Consulting Architect
to the Government of Madras,

To The Chief Engineer
Public Works Department
Madras

Sir,

Enclosures. 1

I have the honour to submit copy
of a letter from the Executive Engineer, Madras
Division, Military Works, and request permission
to take over the building referred to. The Church
itself has been in charge of this Division since
the abolition of the Presidency Executive Engineer's
Division.

I have the honor to be,

Sir,

Your most obedient servant,

G. S. J. Harris

Consulting Architect to Govt.
