From

Lieut. Col. A. W. Smart R.E.
Superintending Engineer
on Special duty

To

The Chief Engineer
for Irrigation
Madras.

Sir,

With reference to G.O.
No 722 W dated 11th March 1897,
and G.O. No 512, Revenue, dated
30th June 1897, I have the honour
to submit a revised proposition
Statement for extra establishment
of 3 Sub. overseers and 3 Draftsmen.

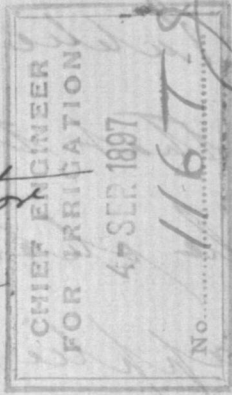

I find that the quantity of
work is rapidly increasing and
that there are a large number
of papers being received connected
with irrigation rights. The maps
are getting somewhat behind -
hand and in order to keep them
up with the work of registration
I require two more draftsmen.
An extra draftsman is also
required

Enclosure: 1

On 5/1
5/10/97

required for other work in order to relieve Surveyors and to keep them to their more legitimate field work.

2. The Deputy Collector now nominated by the collector to assist in the registration of irrigation rights is expected to join by the end of this month and it will therefore be most economical to push through with the work with as little delay as possible.

I have the honor to be,
Sir

your most obed^t serv^t

Am Smart Lt. Col R.R.
Superintending Engineer
on special duty
