C. No. 6159.

S. a. w

The Consolidated estimate for repairs &c to the District Munsif's Court at Krishnagiri having come before Govt. it is not clear whether the estimate for the acquisition of land &c (required by P.W.) was knowingly kept aloof by the Dt. Judge. Submitted therefore that instead of allowing this Current to lie over a memo may be drafted, if deemed necessary to the Judicial Dept. requesting them to arrange to send up ~~the particulars~~ to Govt. the estimate in question, as it is highly probable that the District Judge would not do it without being called upon to do so.

To,
The Chief Engineer
P.W. Department.

Sir

With reference to your Memorandum No. 509 D dated 11th June 1897, I have the honor to inform you that the estimate of Rs: 2737, returned with your No. 4995 C dated 19th December 1896, has been forwarded to the District Judge, Salem vide this Office No. 2/W dated 5th January 1897, the amount being altered to Rs: 3617 after making provision for repairs to the building.

I have the honor to be
Sir
Your most obedt. Servant.

Superintending Engineer
4th Circle

Public Works Department.

Current No. 5002

Letter No 1066

Dated 18th May 1897.

From the Judicial Dept.

NOTE BY TECHNICAL SECTION.

Name of work Repairing the District Munsiff's Court house at Kristnagiri in the Salem District.

Amount of Estimate Rs. 3,770.

DW

Do orders.

2/6/97

The above Estimate comprises the following items:—

Repairing the main building & out-houses, such as, Binders, Vakils & peons' rooms & well &c.	Rs. 1033
Compensation paid for the building & land acquired for the Construction of new Court house, Vide G. O. No. 20W Dt 7-1-96.	Rs. 2737
Contingency Rs. 31 Supervision Rs. 33	— — —
Total	Rs. 3,770

With reference to Chief Engr's Memorandum No. 4995C Dt 19-12-96, the S. E. 4th Circle submits the above Estimate for sanction of Govt.

The

[P. W. 60
250—28-4-97.]

The building for which the repair Estimate is now submitted, was acquired by Govt. (Vide G. O. No 20 W D 7-1-96), for the construction of a new Court-house and Compensation for land & building, amounting to Rs: 2737 has been paid and the same included in the repair Estimate as ordered in the Chief Engin Memo quoted above -

It is stated in the report accompanying the Estimate that only such repairs & improvements as are considered necessary by the Judicial Dept. are provided in the Estimate. The particulars are as follow: -

(a) Repairs to roof with new teak & Palmyrah rafters where necessary
(b) Repairing doors & windows.
(c) Repairing floor.
(d) Rebuilding a Verandah wall, which is out of order -
(e) Extending the Court Hall and providing a room in the Verandah for the custody of attached property, and providing two new doors & 3 windows -
(f) Providing parapet wall & platform all round the Well in the Compound & repairing out-houses -

Remarks.

1. Enlarging the Court-house.

It will be seen from the plan that it is proposed to remove the rectangular door way, 7'×7½', in front of Court Hall & to provide an Arch-way 12'×12, also to construct two side walls 6 ft long to the full height of the tiled roof -

For this purpose the Estimate provides for dismantling the present front wall of the hall to a height of 17½ ft, including parapet wall and a portion of the terrace and to rebuild the whole at a cost of Rs: 69. I beg to suggest that the work can be simplified by introducing the arch into the wall without removing the wall and terrace and it can be done easily by the method prescribed in Appendix, Page iv, Civil Engineering College papers, No X, Part I.

As a precaution, if necessary the joists in the Hall & the rafters of the tiled roof in rear may be propped up until the work is completed. By this arrangement there will be a saving of Rs: 69 -

2. Constructing walls in front of Court Hall.

These walls are proposed to be built

built on a foundation of Concrete, 2 ft in depth + 2'-3" in breadth and basement 4 ft. high, 1'-9" broad. The Superstructure wall 1'-3" in breadth, is to be carried up to meet the tiled roof. The whole work costs Rs: 44.

I beg to suggest whether Screens of any kind to a height of about 6 ft will not do for the purpose, being only a temporary arrangement until a new Court-house is built.

If Screens are not approved a low wall, as per particulars in the margin may be built at a cost of Rs: 14-0-0. The saving in this case will be Rs: (44-14), 30-

Foundation $2^{\text{no}} \times 6' \times \frac{3}{4}' \times 3 = 27$
Superstructure $2 \times 6 \times \frac{3}{8} \times 6 = 27$
Total 54 cft @ 17-2-0
= Rs: 9-0-0

Plastg = $2^{\text{no}} \times 6' \times 12 = 144$ 00
150 Sqft @ 2½ Rs - - - - - 4-0-0
Excavation &c ——— 1-0-0
Total Rs: 14-0-0

3. New room in Verandah.

Foundation with Concrete 1'-9" in breadth & 3 ft in depth, with basement 1½ ft in breadth & 2'-9" in height is allowed for only one Cross Wall, 7½ ft. in length. For other walls foundations are not allowed and it is not stated whether foundations for them are existing.

4. Nature of Soil is not given.

5. Lump Sums are provided for the undermentioned works.

(a)	Closing cracks in terrace	Rs: 25
(b)	Providing bolts &c to doors & windows	" 10
(c)	Repairing Steps - - - - -	5
	Carried over	40

	Brought forward - -	40-
(d)	Repg: Cattle pound	35
	Total L-Sums. Rs:	75

If these L-Sums are approved, I beg to suggest that it would be well to order payments to be made on actual measurement of work done instead of by L-Sums, which practice simply encourages Contractors to shirk work.

Rates - fair -

The plan has been Countersigned by the Dist: Judge & not the Estimate. But in the portion of the Estimate amounting to Rs: 880 (Exclusive of the Enlarging of the Court-Hall) it is written "Sigd W. J. Tate, Dist: Judge". The District Judge should Countersign the Estimate in token of his approval to the whole amount of the Estimate, Viz: Rs: 3770-

AL
