1 report

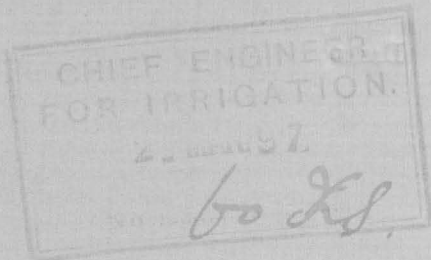

SIR

I have the honour to forward herewith for your approval and sanction of Government estimate amounting to Rs 550 for making 10 pickaxes and 309 Crow bars for Munizera Project works in the Kistna Northern Dⁿ

2. The report which accompanies the estimate explains the necessity for the tools.

I have the honor to be,
Sir

You met Mr. Scott
 Mr. Baddley Major
 Subj. Eng. Co. 1st

2 Report to accompany the Estimate for making 10 Pickaxes and 309 Crowbars for use in Munjira Project works

Amount of Estimate Rs 550-0-0

Early in 1895 the above tools were issued from "Famine Tools" on loan to this work. When it became necessary to collect the Famine Tools, these were called in but finding that they could not be sent without seriously delaying the work and causing desertion of imported labour, the tools were ordered to be made in the Workshops to bring famine tools up to established limit and to meet the cost, this estimate is submitted -

On the completion of ^{the} Munjira Project Excavation, the tools will be returned to Store and the serviceable ones taken on as Tools & Plant in the Division stores. The charge to the Project is only a temporary one.
