Capital and Revenue Accounts of Military Buildings

Ordered that the —, let or available for rent, which are in charge of the Public Works Department in this Presidency, for the year 1896-97, be forwarded to the Government of India, Military Department.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 30th August 1897, No. 549-C.

With reference to Public Works Department Code, Volume II, Chapter III, paragraph 365, I beg to submit, herewith, in duplicate, for the year 1896–97, the Capital and Revenue Account of Government Buildings (Imperial—Military) let or available for rent as residences in the Madras Presidency, together with a brief report summarizing the financial results.

Enclosure.

BUILDINGS AND ROADS.

Imperial—44. Military Works.

Report to accompany the Capital and Revenue Account of Government Buildings (Imperial—Military) let or available for rent as residences for the year 1896–97.

The financial results of the year 1896–97 compare with those of the previous year as shown below :—

Year of Capital and Revenue Account.	Capital cost of building.			Rents realized.	Cost of repairs.		Net return excluding repairs to rent-free buildings.	Percentage of net return on capital cost, excluding rent-free buildings.	Percentage of gross return on capital cost, excluding rent-free buildings.	Percentage of cost of repairs on capital cost, excluding rent-free buildings.
	Rent-free buildings	Other buildings.	Total.		Rent-free buildings.	Other buildings.				
1	2	3	4	5	6	7	8	9	10	11
		RS.	RS.	RS.		RS.	RS.			
1895–96 ..	..	88,218	88,218	1,764	..	971	793	·90	1·99	1·10
1896–97 ..	..	52,989	52,989	3,524	..	2,778	746	1·41	6·65	5·24

2. The decrease of Rs. 35,229 in the capital cost of buildings during the year under review is the net result of the following increases and decreases :—

	Increases.	Decreases.
	RS.	RS.
(*a*) Inclusion during the year of the capital cost of items Nos. 9 and 10 of the present return, (*vide* also items Nos. 10 and 11 of the last return G.O., No. 2882 W., dated 7th October 1896)	7,991	...
(*b*) Improvements to buildings during the year added to their capital cost (*vide* column 10 of the abstract) ...	1,012	...
(*c*) Omission of cost of site of item No. 8 of the return, with reference to Standing Order No. 42 of 17th May 1895 to Code IX 28 I (*a*)	...	16
(*d*) Omission from the return of the building "European Infantry. bomb-proofed and tiled barracks No. 6 to 23," as per appendix B attached	...	44,216
Total ...	9,003	41,232
Net decrease ...	35,229	

3. The net return for 1896–97 on the capital cost of buildings, let or available for rent as residences (excluding those allotted rent-free), was somewhat more favourable, being 1·41 per cent. against ·90 in the previous year. This increase is in the main due to recovery of arrears of rent (*vide* items Nos. 1 and 5 in present return). The percentage of gross receipts was also greater than that of 1895–96, being 6·65 against 1·99. The large increase in cost of repairs over that of the previous year is accounted for by the fact of the extensive repairs carried out to certain buildings (*vide* items Nos. 4, 5, 6 and 8 of the account).

4. The large decrease of Rs. 35,229 in capital cost referred to in paragraph 2 above as also the recovery of arrears mentioned in paragraph 3 have the effect of a favourable comparison of the financial results of the year under review with those of the preceding year. Notwithstanding this, the percentage of 1·41 arrived at (column 9 tabular statement in paragraph 1 above) falls far short of that contemplated for purposes of remuneration to Government for outlay expended; but, considering the large cost of maintenance, the occupation of the buildings by military officers, who are assessed according to rank, and the fact that only two out of the ten buildings were occupied throughout the year, the results with this class of buildings must ever be, more or less, a foregone conclusion.

Net decrease		Rs 35229

3. The net return for 1896·97 on the
Capital Cost of buildings, let or available
for rent as re dences, (excluding those
allotted

allotted rent-free) was somewhat more favorable, being 1·41 per cent against ·90 in the previous year. This increase is in the main due to recovery of arrears of rent vide items 1 & 5 in present return. The percentage of gross receipts was also greater than that of 1895·96, being 6·65 against 1·99. The large increase in cost of repairs over that of the previous year is accounted for by the fact of the extensive repairs carried out to certain buildings vide items 4, 5, 6 & 8 of the Account.

4. The large decrease of Rs 35.229 in Capital Cost referred to in para 2 above as also the recovery of arrears mentioned in para 3 have the effect of a favourable comparison of the financial results of the year under review with those of the preceding year. Notwithstanding this the percentage of 1·41 arrived at (Column 9 tabular statement in para 1 above) falls far short of that contemplated for purposes of renumeration to Government for outlay expended: but, considering the large cost of maintenance, the occupation of the buildings by Military officers who are assessed according to rank, and the fact that only tw out of the ten buildings were occupied throug ar, the results with this class of building st ever be, more or less, a foregone conclusion.
