This seems to me a preposterous request. No work is going on & Mr. Ashpitel & his staff can hardly be more than 10 or 12 persons in all, & to audit their accounts two clerks are required! I should entirely refuse.

It is not likely that

funds for construction work will be allotted to the Light House Division for some time to come – Please say whether the entertainment of the additional establishment applied for may not be postponed until expenditure on "Works" begins.

To W.

The services of the accountant may not be necessary for some time to come. The Executive Engineer is an imprest holder to me, and has an imprest under him again, but general payments are made by me and the compilation as well as the audit of accounts, salary, travelling allowance and contingent bills etc. is done in my office, so the services of two clerks are needed.
