From the President, District Board,
North Arcot, N^o 1553
Ref: on car, Dated 12th December
1896.

The local fund Vaccine Lymph
Depot at Vellore, which was opened last
year under sanction of Government accorded
in its order N^o 1155 L.rio, dated the 4th
July 1895, has, by experience, been found
to be unsuited to this District. Owing
to the intense heat at Vellore during
six months of the year, the paste lymph
prepared at the depot deteriorates and the
cases vaccinated therewith prove un-
successful. Further, the "Armourer's Shop"
at the place, transferred to the District
Board for the purpose of a depot under
G.O. Dated the 1st July 1895, N^o 1616 W. Com-
-municated in the L. and M. Department
Order N^o 1234 Wrio: Dated 15th July 1895, had
been condemned by the District vaccine
authorities.

authorities (including the District Sanitary Officer), as ill-suited for the purpose. Under these circumstances, the District Board has resolved to close the depot, abolish the establishments entertained in connection with it, and to hand back the "Armourer's Shop" to the Government.

2. A copy of the Board's resolution and the usual proposition statement for the abolition of the establishments are enclosed.

3. The depot was actually closed and the establishments abolished on the 6th Instant.

4. I have the honour therefore to request that Government will be pleased to sanction the proposal and order the resumption of the "Armourer's Shop".

Order, No 81 L.Mis., dated 15th January 1897.

The proposals of the District Board are approved.

2. The President is requested to furnish the information required in para: 2 of the Sanitary Commissioner's endorsement.
