In submitting herewith the Travelling Allowance Journal for December 1896, I have the honor to state that as I was deputed to prepare estimates for resluicing Thadapally channel 22 to 28 miles and for repairing bund 22 $\frac{1}{3}$ to 24 miles, I had much levelling work and had to halt at Gobi-chettipolliem for 24 days consecutively. As the distance to travel was large, I was put to much expense and I therefore beg to request you will be kind enough to recommend me that under article 1160, clause (c) of Civil Regulations, I may be exempted from the operations of the general 10 days' rule and allowed the

I have the honor to forward
herewith copy of letter from V.
Manicka Naicker, Apprentice Engr.
asking for exemption from the ten
day limit under Article 1160(c) of
the Civil Service Regulations. The
exemption is recommended as the
Apprentice Engineer had to halt at
Gobichettipolliem from the 24th Novem-
ber 1896 to 17th December 1896 to take
levels for preparing estimates for
reshuicing Thadapally channel 22 to
28 miles and forming inspection
path 22 to 24 miles. I therefore request

you

you will kindly obtain the sanction
of Government to pass daily allow-
ance for the period in question.

I have the honor to be

No 82 of 12th Feby/97

Submitted to the Chief Engineer, P.W.D.
with a request that he will be good enough
to obtain the sanction of Govt. to admit

Supg. Engineer, 4th Circle.

No 3317 dated 23rd August
1897 from the Executive Engineer
Coimbatore Division, to the Superin-
tending Engineer 4th Circle.

Returned to the Superintending
Engineer. Mr. Manickam Naicker
had to maintain a bullock
Cart in addition to his pony
after the first 10 days of his halt
had expired (i.e.) during the
remaining 14 days.

He was therefore put to extra
expense and as he was ordered
to carry out the work which
entailed a halt of 24 days
by me and as it was necessary
|| to maintain a bullock cart
there being no convenient +
halting place nearer the work
I consider his claim should
be passed.
