The Examiner asks
for early orders on his
office note no. 214 A 57
25.5.27 -

This paper is one
of the files lying over,
pending consideration of
the question of the present
system of recruitment
for the accounts branch.

Orders on these
separate files have
been suspended until
this matter is settled.
viz: -

File marked A - relates
to a petition from a
man named Mr. Ven-
katesh, in the
II circle - His complaint
is that he found the
entrance accounts too

in 1891, that he has
not yet been brought
on the account stated,
while clerks in the East
Office get all the
appointments that are
going. Orders on this
appeal might very
properly be deferred
until the general question
of recruitment is in-
vestigated. It was
on this paper that this
body made his remarks,
and on which recent
No 3078 C 75:7.97
was based, inviting
Supy-Supy's opinion on
the question of recruitment.
File B, relates
to the appointment of
two men to be temporary
deputy clerks for
famine work in the
Kumot division -
When an urgent

request was made
for two men, the
first two on the
list given by the
Examiner were selected
& posted. Both had
passed the entrance
examination, but on
their arrival at Kumot,
the local authorities
wished to upset
the arrangements ordered
by Govt., & to put
in other men from the
civil establish-
ments. The Supy
gave reasons against
this proposal, & it
was proposed to tell
the S.D. that the
arrangements must
hold good, but
H.E. ordered the file
to stand over until
the general question
raised on M. Vankala.

substantive appeal had
been disposed of.
This matter however has
no real bearing on
the question raised in
the appeal, which
protested against clerks
in the base office
being given preference
for appointments on
the permanent posts
established. The two
men selected for
Kurnool were not
in the base office -
they were selected
from circle ~~establishment~~
establishment, one from the
I Circle, & one from
the IVth. They were
sent as temporary accounts
clerks, for famine
work, & will have no
Kurnool & apt. to the base -
When an account establishment
of famine

I think the matter
should be explained to H.E.
& the new work

all
until
question
Mr. Venkata-

they will want to their
clerical posts in their
own circles -
It is on this
subject - that the Govt
now asks for a reply,
& if the matter were
explained to the Govt,
he would probably
allow the G.O. to issue.
When two accounts
clerks were sanctioned,
it was natural for
the local officers to
wish to put in their
own men, but the
examiner is the best
adviser in such a
matter, & the men
chosen by him were
selected. The point
is that they were not
base office clerks,
but circle establishment
men, and having been
ordered by Govt. to
a place like Kurnool,
their reversion there
to lower posts than

they should also

those to which they
were appointed by
Govt. would not
be justifiable.

File C. relates
to an application for
a personal allowance
to a clerk named
Doraiswami Aiyar
in the Voluntary division.

Because other men
had been selected &
sent to the ^{temporary} famine
districts as accounts
clerks on Rs 50 per
mensem; application
was made to give
Doraiswami Aiyar
also, Rs 50 per mensem,
as an ordinary clerk
in the division. This
of course seemed in-
admissible, for however
deserving the clerk
might be, the in-
crease could not be

granted merely because
other men had been
appointed accounts
clerks. This case
too has no real
bearing on the question
of the recruitment for
the permanent accts.
establishment. Among the
many temporary holders
mentioned in the
Circular, the S.D. might
easily find a place
of Rs 50 for Doraiswami
Aiyar, without
requiring the sanction
of Govt. In this
case too, the order
originally drafted
might issue without
affecting the general
question to be
considered after
all replies from

it has to be remembered that Accounts Clerks as a rule can but be "^{junior}minor men", and that they are not intended for "such responsible positions" as the Supg. Engineer seems to imagine.

6. In making my recommendations the men in the Supg. Engineers (3rd) Circle were not considered for the reason that it was for this very circle that assistance was being asked.

7. The men selected by Govt. were probably the best men available at the time, and, the matter being urgent, the names of those for selection were arranged in my No. quoted in the order in which they were in point of locality most accessible.

8. The 2 men in question are not known to me or my office, but having passed the accounts test there is no reason to suppose they are inferior to any of the others from whom selections were made.

9. The Supg. Engineer seems to forget that accounts clerks, after all, are only men who, in the course of their own training, are utilized as helps to Divisional Accountants, and it is scarcely in the nature of things reasonable that he should stipulate in an emergency for fully qualified and trained men.

10. In regard to para 3 of Supg. Engineers letter I need only remark that while he thus proposes S. Dorasawmy Iyer for one of those posts, it was only a few

days ago that he strongly recommended this man for a personal allowance as an ordinary clerk in the Bellary Division.

II. I accordingly strongly deprecate any alterations in the existing arrangements.

12. The selections of the 2 men named having been made by Government, I have thought it best to send the Supg. Engineers letter on in original for such orders respecting his complaint and proposals as may be considered necessary.
