In the orders marginally noted the Government sanctioned the appointment of a P.W. Sub-ordinate officer for employment under this Department in connection with the construction of the Cellular Jail at Cuddalore. The officer selected was Sub Engineer V. Kothandapani Mudaliar who has throughout given entire satisfaction and has worked very well in every way. The Cellular Jail at Cuddalore is now approaching completion. The Superintendent, Mr. Loney reports that the eight blocks for convicts which are last buildings to be constructed inside the Jail, will be finished by December 1897, and that the Superintendent's quarters, which have just been put in hand will be completed about March 1898. Mr. Kothandapani Mudaliar's services will therefore not be required at Cuddalore after March 1898.

2. In view of the advanced condition of the works at Cuddalore, it is proposed, during the six months which intervenes between now and March 1898, to add to Mr. Kothandarami Mudely's duties the work of supervising the building of the extension to the close prison at the Vellore Central Jail which under the orders of Government is to be built by the Jail Department. He will thus spend ten days in each month at Vellore, and will be able to give material assistance there, while the works at Cuddalore will not, in their present state, be liable to suffer. No additional expenditure is involved except that of the travelling allowance for the journey between Cuddalore and Vellore monthly which can be met by this Department. It is, therefore, requested that the Government may be pleased to accord its sanction to this arrangement.
