CHIEF OFFICE OF THE INSPECTOR-GENERAL OF POLICE,
MADRAS, 18 September 1897.

FROM

M. HAMMICK, I.C.S., Esq., I.C.S.
INSPECTOR-GENERAL OF POLICE,

Madras,

TO

THE Chief Secretary to Government,
Ootacamund.

SIR,

ENCLOSURES.

I have the honor to report that, in September 1895, the Superintendent of Police, Tinnevely, suggested the construction of a combined station house at Srivilliputtur for both the town and taluk Police. The town Police station is located in a Mandapam for which a monthly rent of Rs.4 is paid. The taluk Police station is in a part of the Taluk Cutcherry building, the other part being occupied by the Stationary Sub-Magistrate's and Taluk staff. A rough plan of this building is enclosed for the information of Government. The Superintendent's proposal was strongly recommended by the District Magistrate on the ground that the accommodation now available for the Police in the building is very limited, the Police and the Sub-Magistrate having between them a space which might be sufficient for the Sub-Magistrate alone.

2. I inspected the town in September last. The construction of a town Police station is absolutely necessary. I do not, however, like the idea of having a combined station house, and would much sooner see the taluk Police station left where it is -viz- in the Taluk Cutcherry, as it is very desirable that it should be there for the safety of the treasury. The present arrangement is a most inconvenient one. The Sub-Magistrate has no real separate Court, his

Court

Court being held in a partitioned-off verandah. The Police are in a very confined place, without any convenience, and are not really separated off from the Magistrate's court. It is altogether a most inconvenient place. I addressed the Collector and District

Magistrate as to whether the Sub-Magistrate's office can be removed from the present building. He replies that he has no objection to my proposal that the taluk Police station should continue to remain in the Taluk Cutcherry building and that separate accommodation should be found for the Sub-Magistrate's office. A copy of his letter is enclosed.

3. I therefore solicit the sanction of Government for the construction of a first class Town Police station at Srivilliputtur, the strength of which is 2 Head and 22 Constables. It is an important town.

4. As regards the site for a new station house, I enclose a rough plan. The site, marked B, is required for the construction of the Deputy Collector's and Forest Ranger's offices and that marked D is the one selected for a station-house. This site was pointed out to me last year when I was there. It is suitable for a first class station house and parade ground. A draft declaration for the acquisition of these sites was submitted by the Collector to the Public Works Department, through the Board of Revenue, and that department has directed that the notification should lie over till funds become available for the works. I beg that the site D required for the Police may be ordered to be acquired under the Land Acquisition Act.

I have the honor to be,

Sir,

Your most obedt. servant,

W. B. Thomas

for Inspector-General Police.
