Copy of letter from the Accountant General
Public Works Department to the Examiner of
Public Works Accounts, Madras. N^o 1589 E dated
7th October 1897.

I have the honor to acknowledge the receipt
of the Circulars and Circular letters issued by you during
September 1897.

2. With reference to your Circular letter N^o 630 AF
dated 22nd September 97 stating that the travelling allowance
journals of Upper Subordinates need not be submitted
to your office for Audit - when the only claim to travelling
allowance is conveyance ^{or} horse allowance, I have the
honor to point out that it is distinctly provided in Public
Works Department Code volume T Chapter IV para 99 that
all journals, with certain exceptions in which Upper
Subordinates are not included, should be submitted
to the Examiner in support of Charges made in the
travelling allowance bill, and that you have no authority
to direct an exception to be made to the rule quoted.

3. The journals of Upper Subordinates who are not
in charge of sub-divisions and for whom conveyance allowance
only is drawn, are perhaps not really necessary for Audit
purposes when the Executive Engineer has been appointed
Controlling Officer by the Local Government, as in that
case the charge in the bill is drawn on his responsibility
and under the general sanction of the Superintending
Engineer as required by article 1183 Civil Service Regulations.
But when an upper Subordinate is in charge of a sub-
division or when the Executive Engineer has not been
appointed Controlling Officer, the journals, countersigned
by the Superintending Engineer, should be submitted
to the Audit office in support of the bill.

4. I have the honor to enquire whether
under

under these circumstances, the procedure you wish
to establish should ^{not} be modified on your Circular
letter Cancelled.

Superintendent General
Branch.
