Account.

READ—the following papers :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 2nd November 1896, No. 2086 K.E.

With reference to G.O., No. 2260 W., dated 5th August 1896, I have the honour to forward herewith, for your approval and sanction of Government, two estimates, amounting to Rs. 3,729 and Rs. 1,663, for tools required for Kistna Eastern division and for constructing iron prow for circular trap punt, respectively, noticed against items 2 and 3 in paragraph 48 of the Accountant-General's note printed in the order quoted above.

Memorandum to the Superintending Engineer, II Circle, dated 11th November 1896, No. II/172 K.S.

With reference to letter, No. 2086 K.E., dated 2nd instant, from the Superintending Engineer, II Circle, the undersigned has the honour to request that he will be so good as to explain, at an early date, why expenditure was incurred in anticipation of sanction to estimates for purchasing tools and constructing iron prow for circular trap punt.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 23rd February 1897, No. 3364 K.E.

In reference to your No. II/172 K.S. of 11th November 1896, I have the honour to inform you that I am unable to explain why the expenditure referred to was incurred in anticipation of sanction.

2. The tools in question were received from England through the General Superintendent, Public Works Stores, so far back as 1891, and I presume the necessity for obtaining a sanctioned estimate for their cost was overlooked in the Kistna Eastern division.

3. The expenditure on putting a false prow or bow to the trap punt was incurred on the authority of the Superintending Engineer in 1891, but there is absolutely nothing on record to show why an estimate of cost was not made or, if made, why it was not submitted for sanction.

No. 64 I.

Submitted to Government.

2. In the circumstances reported by the Superintending Engineer, II Circle, the estimates may be sanctioned.

12th March 1897.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 308 I., dated 22nd March 1897.

The following estimates are sanctioned :—

Irrigation.
42. Major Works (Working Expenses.)
Kistna Delta System.
Eastern Section.
5. Tools and Plant.

	Rs.
3. Tools—	
1. Purchasing tools	3,729
4. Navigation plant—	
2. Constructing iron prow for circular trap punt	1,663

2. This sanction is registered as No. 212 I. of 1896–97.

3. The Government notices with dissatisfaction the great delay in applying for sanction to regularize outlay incurred so far back as 1891.
