MARCH.

Modifications of Grants

Forwarding proceedings approving, with remarks, the — provided in the preliminary issue of the budget estimates for "43. Provincial, Minor Works and Navigation" for 1897–98, suggested by the Chief Engineer for Irrigation.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

Telephone from the Chief Secretary to Government, to the Secretary to Government, Public Works Department, dated 11th March 1897.

Government of India has reduced budget grants next year by 1·55 under *43. Minor Works and Navigation* and 3·50 under *45. Civil Works.* Proposals for expenditure should be revised accordingly.

Memo. No. 1441 C.

Copy forwarded to the Chief Engineer for Irrigation for information and guidance.

MADRAS, 12th March 1897. (Signed) D. McNEIL CAMPBELL, Colonel, R.E., Secretary to Government.

No. 72 I.

Note by the Chief Engineer for Irrigation.

The following modifications in the grants provided in the preliminary issue of the budget estimates for "43. Provincial, Minor Works and Navigation" for 1897–98, are suggested to meet the reduction of Rs. 1,55,000 advised as having been made by the Government of India in the assignment under this head:—

	Rs.	Preliminary grant. Rs.	Proposed grant. Rs.	Amount reduced. Rs.
Minor Works for which Capital and Revenue Accounts are kept.				
Capital Account.				
1. Munniyeru project—				
Works	81,000			
Establishment	18,630			
Tools and plant	400			
		1,00,030	90,030	10,000
2. Sagileru project—				
Works	40,000			
Establishment	9,200			
		49,200	42,180	7,020
Minor Works for which neither Capital nor Revenue Accounts are kept, P.W.D. Bellary Division.				
3. Restoring the surplus weirs and raising banks of Apparazpett tank—				
Major original works	4,000			
Establishment	920			
Tools and plant	60			
		4,980	...	4,980
4. Reserve—				
Minor original works	1,06,827			
Establishment	24,570			
Tools and plant	1,603			
		1,33,000	...	1,33,000
			Total ...	1,55,000

2. The reduction in the grants for items 1 and 2 is proposed as it is considered advisable to restrict expenditure on them pending the submission of the revised estimates for the projects for the sanction of Government.

3. No provision for item 3 is now required, as the expenditure on the work will be met from the grant for "33. Famine Relief," the estimate having been resanctioned in G.O., No. 251 I., dated 12th March 1897, under that head.

4. As no reserve will be provided in the final issue of the budget estimates, Superintending Engineers should regard the grants allotted in those estimates as the maximum amounts which can be sanctioned for their respective circles. It should be clearly understood that no applications for additional funds can therefore be entertained; all requirements for incomplete works of the current year and for unforeseen urgent works absolutely required to be carried out next year should be met by re-appropriations of the sanctioned grants for the circle concerned.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

20th March 1897.

ORDER—No. 316 I., dated 25th March 1897.

The modifications in the grants provided in the preliminary issue of the budget estimates for "43. Provincial, Minor Works and Navigation" for 1897–98, suggested by the Chief Engineer for Irrigation, are approved.

2. The attention of Superintending Engineers is drawn to the concluding paragraph of the foregoing note and they will be careful to see that expenditure is regulated with reference to the grants allotted in the final budget.

3. Ordered that a copy of these proceedings be forwarded to the Government of India for information.
