To The Secretary to the
Govt. of India P.W.D.

Dear Sir

In connection with the recent famine in the Madras Presidency, His Excellency the Governor in Council prohibited the grant of ordinary leave to officers of the P.W. Dept. — It is now proposed to withdraw this restriction, but before doing so, it is thought advisable to ascertain whether there is likely to be any call on Madras for officers or subordinates for famine duty in other parts of India. I shall be much obliged if you can kindly give me any information on this point.

An early reply will be appreciated.

Yours faithfully
K.H.W.

His Excellency the Governor

FOR ORDERS.

With reference to the accompanying letter No. 4084W from the Executive Engineer III circle, dated 13th Octr 1897, the question of removing leave restrictions is submitted for His Excellency's favourable consideration. As famine works are being brought to a close it is recommended that leave may be granted on the conditions mentioned in the letter under reference and G.O. No 364 W dated 5 Feb 1897 cancelled

Before removing these restrictions, I think it would be well to make certain whether there is any chance of there being a rush on Madras, from other Provinces. Mr. de Winton might ask this question (D.O) of the D.P.W. Sect. Govt. of India.

Government of India letter requesting that certain measures be adopted for obtaining additional staff to meet requirements on famine-relief works, and enquiring what permanent subordinates could be made available for employment in the affected provinces, communicated to officers of the Public Works Department, with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following paper :—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, the 22nd December 1896, No. 3168 G.

In continuation of Public Works Department No. 3007 G., dated 8th December 1896, I am directed to forward copy of a circular letter which has been issued to Local Governments and Administrations of areas likely to be affected by famine, and to request that, with the view of possibly providing additional staff for the affected areas, the measures enjoined in the first two clauses of the circular may, with the concurrence of His Excellency the Governor,* be adopted in regard to officers of the Madras list; and also that the list of permanent Upper Subordinates who could be made available as temporary Engineers may be furnished as desired in the third clause.

* To Madras only.

2. I am also to enquire—

(1) What permanent Upper Subordinates could be made available by employing temporary men or by temporarily promoting Lower Subordinates in their places, in addition to the permanent men, if any, who may be made available for the affected areas.

(2) What permanent Lower Subordinates can be made available as (*a*) Upper, (*b*) Lower Subordinates for other lists, by employing temporary men in their places in Madras, in addition to permanent men, if any, who may be made available for employment in the affected provinces.

Circular from the Government of India, Public Works Department (General), dated 22nd December 1896, No. 3167 G.

In continuation of Public Works Department No. 3008 G., dated 8th December 1896, enquiring what additional staff is likely to be needed to meet requirements on famine-relief works and how far Local Governments can meet their own requirements, I am directed to request that, with the concurrence of $\frac{\text{His Excellency the Governor}}{\text{His Honour the Lieutenant-Governor}}$, the following further measures may be adopted for obtaining additional staff :—

(1) That the grant of leave to officers and subordinates other than leave on medical certificate may be restricted as far as possible, or, if considered desirable, may be wholly stopped.

(2) That as soon as requirements for additional staff are seen to be inevitable, all officers and subordinates who are not on leave on medical certificate may be recalled to duty, or warned that they will be recalled at short notice. Should the winter rains in Upper India fail, they should all be recalled at once.

(3) That the names of Upper Subordinates, who might be available for employment as temporary Engineers, under the terms of Public Works Department Resolution No. 1146 G., dated 23rd August 1883, (*a*) to supplement the ________ Engineer establishment or, possibly, (*b*) to supplement the establishment of other provinces where the pressure of famine may be more intense—their places as subordinates being taken by temporary men—may be submitted for the information of the Government of India.
