Note

In para 18 of his letter printed with G.O. 546 Revenue, dated 9th July 1897 (G.O. 729 I. dated 6th August 1897) the Special Deputy Collector in charge of the Tumkur Cuddapah Canal reports that applications for fresh sluices and channels have been received from ryots of villages at different points of the canal, with offers to bring the extents specified under permanent wet cultivation and to take canal water from faali 1307 (1897-98). The extent of lands so promised to be brought under wet cultivation is estimated at 602.16 acres. The P.W. Department having been called upon to comply with the applicants' requests wherever feasible, the Suptg. Engineer III Circle, accordingly applied for the services of

of 1 overseer and 4 lascars
on Rs 6 each per mensem, for
12 months for surveying and
levelling the lands in question,
and the Chief Engineer for
Irrigation ^{recommends} ~~has recommended~~
the application. The work
cannot be done by the ordinary
staff of the Division
