SUBJECT.

note. Under G.O. No 2661 W.D. 18th
Sept. 1876, the cement cannot be
taken out to the Ballany division until
it was required for use on works. The
Genl. Supt. P.W. Storr states that the order
is now being observed. The value of
the cement cannot at once be charged
off to works, as there are no works in
progress for which it is required. It
must therefore be held in suspense, the
order para 125, Ch. II, Vol II. P.W. Storr,
it is necessary to fix a value
limit.

Copy of letter no: 7,496 B. dated 17th September 1897, from H. E. Coleridge Esq., Executive Engineer, Bellary Division, to the Superintending Engineer, III Circle, Bellary.

Debit advice from P. W. Stores

for Rs: 616-3-0 no: 189 of 6.9.97.

The General Supt. P. W. Stores has debited this Division with Rs: 616-3-0 being the value of 60 barrels of Portland Cement with Cart hire supplied to this Division in compliance with your No. 2,732 of 4.8.97.

2. As the cement was obtained for general purposes, to be utilized on works as may be necessary and as there are no works at present in progress to which the value of the cement could be charged, there

there seems no alternative but to debit the value of the cement with all its incidental charges to stock. The amount being a little over Rs: 800, I would request that the sanction of Government may be obtained to a reserve limit of stock under Building materials for Rs: 900 to avoid audit objection.

No. 3790W Dated 27th September 1897.

Copy submitted to the Chief Engineer P.W.D with a request that he will be good enough to obtain the necessary sanction of Government.

2 The cement in question was identified for with reference to para 3 of G. O. No. 1980 W. of 4.7.96

-----	-------

Copy of a letter from H. A. Moss Esquire, General Superintendent, B.W. Stores Division, to the Superintending Engineer, 5 Circle, No. 200 S. dated 21st October 1897.

In resubmitting the Chief Engineer's endorsement No. 4097C. dated 8th October 1897 received with your No. 312 B.W.S. dated 14th October 1897. I have the honour to report that it was formerly the practice to despatch the English stores to divisions for which they were intended as soon as they were landed at Madras. The cement was accordingly sent to Bellary. This practice has lately been discontinued. All English stores are now retained in stock here until indents are received from divisions. Soon after the arrival of the stores a list is circulated for information.

20/11/97

To the Chief Engineer P.W. Department with reference to his No. 4097C. dated 8 October 1897 herewith returned.
