From

F. W. ASHPITEL, Esq.,

EXECUTIVE ENGINEER,

LIGHT-HOUSE DIVISION,

Madras.

To

THE Chief Engineer,

Public works Department

SIR,

With reference to your No 1491 D dated 27th September 1897 I have the honor to inform you that I have already stopped work at Manapaud as reported in my inspection notes forwarded on the 1st instant.

*Vide No. 1598 D 5 & 10/97

(2) At False Point Divi to stop work would mean considerable loss to Government as materials are ready and I should only stop some 50 coolies who are employed on block making. Conductor Smith has been ordered to avoid spending any money on further collection of materials beyond contracts already placed which being chiefly

with

with the Bezwada workshops will not entail much except departmental charges.

(3) To avoid loss to Government, I must however collect materials at False Point Divi sufficient to carry me over the next closure of the canals but this can be done in December and paid for in January.

I have the honor to be,
Sir,
Your most obed^{t} Servant,

W Nicholson
Executive Engineer,
Light House Division.
