Dear Sir

I am directed to acknowledge the receipt of your letter quoted in the margin, in the form of which it is stated that as the Govt. of Madras has decided to link Mr. Harris with Mr. de Winton on confirmation in the appointment of Consulting Architect, for the purpose of regulating his pension the Govt. of India will

not object to his being so
linked for purpose of
ordinary promotion to and
within the Supply Engineer
Class, from the date on which
Mr Harris took up the
appointment, the effect-
being to give him a step
to Supply Eng 3^d class, sub
pro him with effect from
the 22^d Oct 1896. In the
second letter it is pointed
out that Mr de Winton
having been temporarily
promoted to Chief Eng
2^d Class, ^{Temporary vacill,} Mr Harris cannot
on this ground be carried
up with the former officer
to Supply Eng 1st Class temporary,
and that it may probably
be necessary to link him
with some other officer
for purpose of future
promotion.

2. In reply, I am directed
to say that prior to the
receipt of your second
letter, the necessity of
linking Mr Harris with
some other officer than

recognized, and that
the point was under
consideration - I am
now to state that Mr
the Governor in Council
is of opinion that Mr
Harris may appropri-
ately be linked for
promotion with Major
W. L. C. Baddley, R.E.,
Supply Engineer 3^d class,
and to request that
the Govt. of India will
assent to this arrange-
ment. Mr Harris was
an En. Sup 1st grade,
sub pro him in June
1891, and permanent
in August 1892, while
Major Baddley was
promoted to 1st grade
sub pro him in Dec
1892, and permanent

note for H.S. the Govt.

This letter to the Govt. of India is proposed with reference to the Examiner's opinion that the Govt. of India should concur in the arrangement of linking Mr. Harris with Major Baddeley - Mr. Harris will be added to the Madras List as a Suppl. Engineer, and his promotion will thus not injuriously affect any officer on the Madras List, either prospectively or retrospectively. He is in every respect thoroughly fitted for promotion to the rank of Suppl. Engr. W.B. de W. 10.11.97

GOVERNMENT OF INDIA. PUBLIC WORKS DEPARTMENT. GENERAL.

To

The Secretary to the Government of Madras,
Public Works Department.

Simla, the 18th October 1897.

Sir,

In Public Works Department No.2757 G., dated the 11th October 1897, it was stated that the Government of India had no objection to Mr.G.S.T.Harris being linked with Mr W.B.de Winton for purposes of ordinary promotion to and within the Superintending Engineer classes, with effect from the date on which he took up the appointment of Consulting Architect to the Government of Madras. It has however been observed from the Madras Government Gazette of the 5th October 1897 that Mr.de Winton has been temporarily promoted from Superintending Engineer 3rd class sub pro tem, to Chief Engineer 2nd class. Under these circumstances I am directed to point out that Mr.Harris cannot on these grounds be carried up with Mr.de Winton to Superintending Engineer 1st class temporary; and it may probably be necessary to link him with some other officer for purposes of future promotion.

and within the Superintending Engineer class from the date on which Mr. Harris took up the appointment, should His Excellency the Governor see no objection to this course being adopted.

This would it is believed have the effect of giving Mr. Harris a step to Superintending Engineer 3rd class, sub-pro-tem with effect from the date on which he took up his duties, and would be in accordance with the sanction accorded by the Secretary of State to the appointment of Consulting Architect, namely, that the appointment should be open to an officer of any rank in the Department below that of Chief Engineer, and that should the officer rise during his service to the rank of Superintending Engineer, he should be treated as a supernumerary on the Madras List of Superintending Engineers, and receive promotion pari passu with his contemporaries.

3. If this proposal is agreed to a notification will issue transferring Mr. Harris permanently to the Madras list with effect from the above date.

There would be no objection to Mr. Harris being linked as Superintending Engineer III class, supernumerary with Major Baddeley R.E., but the Government of India should I think concur in this arrangement.

2. A reference is invited to my Office Note No. 172 A dated 1st. May '97. on the subject.

3. As Mr. Harris will be Superintending Engineer supernumerary and outside the scale ^{for} Madras while Consulting Architect, his linking with Major Baddeley R.E. will not injuriously affect any officers in the Madras List, and ^{will} not interfere with claims of officers already on that list, vide G.O. 1120 W, Public Works dated 26th. This does not seem
the right wording. "Having

substituted.
