GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers :—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 29th July 1897, No. 3292.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1896-97.

2. The Superintendent was on privilege leave for one month and seven days from 8th September to 14th October 1896, and Mr. T. Fisher, Deputy Superintendent, acted for him; Mr. T. Fisher was on three months' privilege leave from 1st May to 31st July 1896. The five years' agreement with Mr. F. Pritchard, Assistant Superintendent, terminated on 31st March 1897, and Government did not re-engage him.

3. *Accounts.*—The desire of Government that statement No. 1.—Cash accounts and adjustments should agree with the final figures as shown in the Accountant-General's books, has necessitated the Press receiving monthly statements from the several district treasuries to correct their errors in entries and to assist the Accountant-General's office with the final adjustments. This statement cannot therefore be presented in future before the 1st September in each year, and is now omitted from the report.

4. *Expenditure.*—The following comparative statement of expenditure shows for the printing departments at the Government Press an increase under earnings and salaries, supervision, pensions, and miscellaneous, with a reduction under overtime and contingencies; for the binding department an increase under salaries, contingencies, and miscellaneous, with a reduction under overtime and pensions; for the type foundry an increase under salaries, contingencies and miscellaneous; and for the publication department an increase under clerical establishment and contingencies, the latter increase arising from the transfer of certain charges from the collectorates to the Press contingencies. At the Penitentiary Branch Press for the printing departments an increase under salaries and convict labour, with a decrease under contingencies; for the binding department an increase under miscellaneous, with a decrease under contingencies. Statement No. 2 shows in detail the apportionment of expenditure in the several departments. The large decrease in overtime arises from its stoppage for ten months under G.O., No. 634, dated 28th September 1896. With the submission of this comparative statement in the report, statement No. 3 may be omitted from future reports.

18. *Type Foundry.*—During the year three type moulds, one lead mould, 488 punches and 490 matrices were made, and 145 matrices were renewed. The outturn consisted of 21,820 lb. of english types, 4,247 lb. of vernacular types, 4,411 lb. of

spaces, 17,758 lb. of quadrats, 12,927 lb. of leads, 3,448 lb. of quotations, 45 lb. of cheques, 38 lb. of clumps, and 1,896 lb. of stereo plates, &c. 66,591 lb. of metal were cast, being an increase of 11,880 lb. more than last year; it was the largest outturn made by the foundry. The expenditure was Rs. 18,656-1-10 against Rs. 14,888-1-7 in 1895-96 (see paragraph 4 and statement No. 3). The metal used for casting cost 2 annas $1\frac{1}{8}$ pies per lb., being $2\frac{7}{8}$ pies more than in 1895-96; and the average cost of types, &c., cast was 3 annas $10\frac{1}{2}$ pies per lb., being $4\frac{7}{8}$ pies per lb. more than last year. The cost of production per lb. for each size of type varied from 3 annas 9 pies for great primer to 9 annas for nonpareil, and for quadrats from 2 annas 6 pies to 6 annas 6 pies, for leads 2 annas 9 pies, for quotations 2 annas 9 pies, for cheques 3 annas 6 pies, and was more than the preceding year. The increase in cost of metal was caused by the higher rate paid for antimony.

Office-note from R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated 11th September 1897, No. 4013.

With reference to paragraph 3 of the annual report, No. 3292, dated 29th July 1897, the Superintendent, Government Press, now submits Statement No. 1, Cash accounts and adjustments.

2. *Accounts.*—The total receipts were Rs. 79,919–1–7 against Rs. 83,219–6–5 during 1895–96; the cash realizations amounted to Rs. 36,694–11–2 against Rupees 32,922–7–1 in 1895–96, the increase in cash receipts being chiefly under printing and binding, sale of Acts, publications and gazettes. The receipts under advertisement in the gazette were lower than in the previous year. The amount remitted to the bank was Rs. 36,280–5–2 against Rs. 32,685–1–7 in 1895–96.

3. Under adjustments, the amount recovered was Rs. 43,638–12–5 against Rupees 50,534–4–10. The receipt under sale of manuals, forms, &c., paid into the mofussil treasuries was less than in the previous year, and particulars of the same are given for information :—

6. *Publications.*—There was an increase in the issues of publications to the several offices, and by sales. Under G.O., R. No. 554, Financial, dated 23rd May 1896, the repealed Acts have been destroyed, six copies of each having been kept in stock. The value of annual reports, &c., sold by public auction under the same Government Order was Rs. 10,861–14–0, and the amount realized was Rs. 156–1–0. In G.O., No. 1001, Financial, dated 5th September 1896, sanction was given for an attender to be in charge of the stock of publications, and a careful stock-taking has since been made, with the result that Rs. 2,391–13–8 has to be written off for copies destroyed in former years by white ants, and damaged otherwise, rendering them unsaleable. With this attender in charge the publications will be more cared for, and any damage or spoilage will be written off yearly.

10. The final figures for the receipts and adjustments were not received until the 30th August.

(Signed) R. HILL,
Superintendent.

Order—No. 1409, Public, dated 26th October 1897.

Recorded.

2. The report was due on July 10th, but upon this occasion it has been submitted in two parts, the second of which was received on the 14th September. In the circumstances explained by the Superintendent, His Excellency the Governor in Council is pleased to direct that the report shall in future be submitted in a complete form not later than the 1st September. The proposal to omit statement No. 3 does not recommend itself to Government.

3. The total receipts and expenditure in the year under review amounted to Rs. 79,919 and Rs. 3,02,039 against Rs. 83,219 and Rs. 2,92,216 during 1895–96. There was a fall in receipts of Rs. 777 under "Advertisement in the gazette" and of Rs. 4,546 under "Sale of manuals, forms, &c." Compared with the preceding year the cash receipts rose from Rs. 32,922 to Rs. 36,694, while the recoveries by adjustment fell from Rs. 50,534 to Rs. 43,639. Statement No. 1 giving details as to cash accounts and adjustments has been arranged in accordance with the instructions given in G.O., No. 542, Public, dated 12th May 1897. The following table compares the expenditure incurred under each department for the past two years:—

Departments.	1895-96.			1896-97.		
	Rs.	A.	P.	Rs.	A.	P.

Publications	3,187	14	6	3,803	5	3
Total ..	2,92,215	14	2	3,02,038	12	0

The details for each department are exhibited in paragraph 4 of the part of the report first received and in statement No. 2. The rise in expenditure in the Type-foundry was due partly to increased activity in that department and partly to the

enhanced cost of material; this, the Superintendent explains, is to be attributed to an advance in the price of antimony. The appreciable increase in the outlay on the Binding department at the Penitentiary Branch falls almost entirely under "Cost of materials used." The saving under "Overtime" in every department, effected by the stoppage of the allowance, is merely nominal, as the charges will have, under G.Os., No. 544, Financial, dated 14th July 1897, and No. 624, Financial, dated 7th August 1897, to be paid from the 1st May 1896.

G.O., No. 634, Financial, dated 28th September 1896.

Recording, with remarks, report on the working of the — and its branch at the Penitentiary for the year 1896–97.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following papers :—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 29th July 1897, No. 3292.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1896–97.

2. The Superintendent was on privilege leave for one month and seven days from 8th September to 14th October 1896, and Mr. T. Fisher, Deputy Superintendent, acted for him; Mr. T. Fisher was on three months' privilege leave from 1st May to 31st July 1896. The five years' agreement with Mr. F. Pritchard, Assistant Superintendent, terminated on 31st March 1897, and Government did not re-engage him.

3. *Accounts.*—The desire of Government that statement No. 1.—Cash accounts and adjustments should agree with the final figures as shown in the Accountant-General's books, has necessitated the Press receiving monthly statements from the several district treasuries to correct their errors in entries and to assist the Accountant-General's office with the final adjustments. This statement cannot therefore be presented in future before the 1st September in each year, and is now omitted from the report.

4. *Expenditure.*—The following comparative statement of expenditure shows for the printing departments at the Government Press an increase under earnings and salaries, supervision, pensions, and miscellaneous, with a reduction under overtime and contingencies; for the binding department an increase under salaries, contingencies, and miscellaneous, with a reduction under overtime and pensions; for the type foundry an increase under salaries, contingencies and miscellaneous; and for the publication department an increase under clerical establishment and contingencies, the latter increase arising from the transfer of certain charges from the collectorates to the Press contingencies. At the Penitentiary Branch Press for the printing departments an increase under salaries and convict labour, with a decrease under contingencies; for the binding department an increase under miscellaneous, with a decrease under contingencies. Statement No. 2 shows in detail the apportionment of expenditure in the several departments. The large decrease in overtime arises from its stoppage for ten months under G.O., No. 634, dated 28th September 1896. With the submission of this comparative statement in the report, statement No. 3 may be omitted from future reports.

18. *Type Foundry.*—During the year three type moulds, one lead mould, 488 punches and 490 matrices were made, and 145 matrices were renewed. The outturn consisted of 21,820 lb. of english types, 4,247 lb. of vernacular types, 4,411 lb. of

spaces, 17,758 lb. of quadrats, 12,927 lb. of leads, 3,448 lb. of quotations, 45 lb. of cheques, 38 lb. of clumps, and 1,896 lb. of stereo plates, &c. 66,591 lb. of metal were cast, being an increase of 11,880 lb. more than last year; it was the largest outturn made by the foundry. The expenditure was Rs. 18,656-1-10 against Rs. 14,888-1-7 in 1895-96 (see paragraph 4 and statement No. 3). The metal used for casting cost 2 annas $1\frac{1}{8}$ pies per lb., being $2\frac{7}{8}$ pies more than in 1895-96; and the average cost of types, &c., cast was 3 annas $10\frac{1}{2}$ pies per lb., being $4\frac{7}{8}$ pies per lb. more than last year. The cost of production per lb. for each size of type varied from 3 annas 9 pies for great primer to 9 annas for nonpareil, and for quadrats from 2 annas 6 pies to 6 annas 6 pies, for leads 2 annas 9 pies, for quotations 2 annas 9 pies, for cheques 3 annas 6 pies, and was more than the preceding year. The increase in cost of metal was caused by the higher rate paid for antimony.

6. *Publications.*—There was an increase in the issues of publications to the several offices, and by sales. Under G.O., R. No. 554, Financial, dated 23rd May 1896, the repealed Acts have been destroyed, six copies of each having been kept in stock. The value of annual reports, &c., sold by public auction under the same Government Order was Rs. 10,861–14–0, and the amount realized was Rs. 156–1–0. In G.O., No. 1001, Financial, dated 5th September 1896, sanction was given for an attender to be in charge of the stock of publications, and a careful stock-taking has since been made, with the result that Rs. 2,391–13–8 has to be written off for copies destroyed in former years by white ants, and damaged otherwise, rendering them unsaleable. With this attender in charge the publications will be more cared for, and any damage or spoilage will be written off yearly.

10. The final figures for the receipts and adjustments were not received until the 30th August.

(Signed) R. HILL,
Superintendent.

Order—No. 1409, Public, dated 26th October 1897.

Recorded.

2. The report was due on July 10th, but upon this occasion it has been submitted in two parts, the second of which was received on the 14th September. In the circumstances explained by the Superintendent, His Excellency the Governor in Council is pleased to direct that the report shall in future be submitted in a complete form not later than the 1st September. The proposal to omit statement No. 3 does not recommend itself to Government.

3. The total receipts and expenditure in the year under review amounted to Rs. 79,919 and Rs. 3,02,039 against Rs. 83,219 and Rs. 2,92,216 during 1895–96. There was a fall in receipts of Rs. 777 under "Advertisement in the gazette" and of Rs. 4,546 under "Sale of manuals, forms, &c." Compared with the preceding year the cash receipts rose from Rs. 32,922 to Rs. 36,694, while the recoveries by adjustment fell from Rs. 50,534 to Rs. 43,639. Statement No. 1 giving details as to cash accounts and adjustments has been arranged in accordance with the instructions given in G.O., No. 542, Public, dated 12th May 1897. The following table compares the expenditure incurred under each department for the past two years:—

Departments.	1895–96.			1896–97.		
	Rs.	A.	P.	Rs.	A.	P.
Printing	2,39,494	3	4	2,41,583	4	3
Binding	34,645	10	9	37,996	0	8

Publications	3,187	14	6	3,803	5	3
Total ..	2,92,215	14	2	3,02,038	12	0

The details for each department are exhibited in paragraph 4 of the part of the report first received and in statement No. 2. The rise in expenditure in the Type-foundry was due partly to increased activity in that department and partly to the

enhanced cost of material; this, the Superintendent explains, is to be attributed to an advance in the price of antimony. The appreciable increase in the outlay on the Binding department at the Penitentiary Branch falls almost entirely under "Cost of materials used." The saving under "Overtime" in every department, effected by the stoppage of the allowance, is merely nominal, as the charges will have, under G.Os., No. 544, Financial, dated 14th July 1897, and No. 624, Financial, dated 7th August 1897, to be paid from the 1st May 1896.

G.O., No. 634, Financial, dated 28th September 1896.

4. Compared with the previous year there was a decrease in the outturn, reduced to pica solid foolscap folio, of 3,220 pages and 910,454 impressions. The cost of printing, however, rose from Rs. 2,39,494 to Rs. 2,41,583. Work was undertaken by the Press for 336 offices and departments as against 306 in 1895–96; the largest increase occurred in the work done for the Collectors of Gódávari and Salem.

5. The results of the technical examinations detailed in paragraph 22 of the report were again not satisfactory.

6. The auditor's report will be awaited.

Recording, with remarks, report on the working of the — and its branch at the Penitentiary for the year 1896–97.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following papers :—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 29th July 1897, No. 3292.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1896–97.

2. The Superintendent was on privilege leave for one month and seven days from 8th September to 14th October 1896, and Mr. T. Fisher, Deputy Superintendent, acted for him; Mr. T. Fisher was on three months' privilege leave from 1st May to 31st July 1896. The five years' agreement with Mr. F. Pritchard, Assistant Superintendent, terminated on 31st March 1897, and Government did not re-engage him.

3. *Accounts.*—The desire of Government that statement No. 1.—Cash accounts and adjustments should agree with the final figures as shown in the Accountant-General's books, has necessitated the Press receiving monthly statements from the several district treasuries to correct their errors in entries and to assist the Accountant-General's office with the final adjustments. This statement cannot therefore be presented in future before the 1st September in each year, and is now omitted from the report.

4. *Expenditure.*—The following comparative statement of expenditure shows for the printing departments at the Government Press an increase under earnings and salaries, supervision, pensions, and miscellaneous, with a reduction under overtime and contingencies; for the binding department an increase under salaries, contingencies, and miscellaneous, with a reduction under overtime and pensions; for the type foundry an increase under salaries, contingencies and miscellaneous; and for the publication department an increase under clerical establishment and contingencies, the latter increase arising from the transfer of certain charges from the collectorates to the Press contingencies. At the Penitentiary Branch Press for the printing departments an increase under salaries and convict labour, with a decrease under contingencies; for the binding department an increase under miscellaneous, with a decrease under contingencies. Statement No. 2 shows in detail the apportionment of expenditure in the several departments. The large decrease in overtime arises from its stoppage for ten months under G.O., No. 634, dated 28th September 1896. With the submission of this comparative statement in the report, statement No. 3 may be omitted from future reports.

The metal used for casting cost 2 annas $1\frac{1}{8}$ pies per lb., being $2\frac{7}{8}$ pies more than in 1895-96; and the average cost of types, &c., cast was 3 annas $10\frac{1}{2}$ pies per lb., being $4\frac{7}{8}$ pies per lb. more than last year. The cost of production per lb. for each size of type varied from 3 annas 9 pies for great primer to 9 annas for nonpareil, and for quadrats from 2 annas 6 pies to 6 annas 6 pies, for leads 2 annas 9 pies, for quotations 2 annas 9 pies, for cheques 3 annas 6 pies, and was more than the preceding year. The increase in cost of metal was caused by the higher rate paid for antimony.

Office-note from R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated 11th September 1897, No. 4013.

With reference to paragraph 3 of the annual report, No. 3292, dated 29th July 1897, the Superintendent, Government Press, now submits Statement No. 1, Cash accounts and adjustments.

2. *Accounts.*—The total receipts were Rs. 79,919–1–7 against Rs. 83,219–6–5 during 1895–96; the cash realizations amounted to Rs. 36,694–11–2 against Rupees 32,922–7–1 in 1895–96, the increase in cash receipts being chiefly under printing and binding, sale of Acts, publications and gazettes. The receipts under advertisement in the gazette were lower than in the previous year. The amount remitted to the bank was Rs. 36,280–5–2 against Rs. 32,685–1–7 in 1895–96.

3. Under adjustments, the amount recovered was Rs. 43,638–12–5 against Rupees 50,534–4–10. The receipt under sale of manuals, forms, &c., paid into the mofussil treasuries was less than in the previous year, and particulars of the same are given for information:—

6. *Publications.*—There was an increase in the issues of publications to the several offices, and by sales. Under G.O., R. No. 554, Financial, dated 23rd May 1896, the repealed Acts have been destroyed, six copies of each having been kept in stock. The value of annual reports, &c., sold by public auction under the same Government Order was Rs. 10,861–14–0, and the amount realized was Rs. 156–1–0. In G.O., No. 1001, Financial, dated 5th September 1896, sanction was given for an attender to be in charge of the stock of publications, and a careful stock-taking has since been made, with the result that Rs. 2,391–13–8 has to be written off for copies destroyed in former years by white ants, and damaged otherwise, rendering them unsaleable. With this attender in charge the publications will be more cared for, and any damage or spoilage will be written off yearly.

Order—No. 1409, Public, dated 26th October 1897.

Recorded.

2. The report was due on July 10th, but upon this occasion it has been submitted in two parts, the second of which was received on the 14th September. In the circumstances explained by the Superintendent, His Excellency the Governor in Council is pleased to direct that the report shall in future be submitted in a complete form not later than the 1st September. The proposal to omit statement No. 3 does not recommend itself to Government.

3. The total receipts and expenditure in the year under review amounted to Rs. 79,919 and Rs. 3,02,039 against Rs. 83,219 and Rs. 2,92,216 during 1895–96. There was a fall in receipts of Rs. 777 under "Advertisement in the gazette" and of Rs. 4,546 under "Sale of manuals, forms, &c." Compared with the preceding year the cash receipts rose from Rs. 32,922 to Rs. 36,694, while the recoveries by adjustment fell from Rs. 50,534 to Rs. 43,639. Statement No. 1 giving details as to cash accounts and adjustments has been arranged in accordance with the instructions given in G.O., No. 542, Public, dated 12th May 1897. The following table compares the expenditure incurred under each department for the past two years:—

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following papers:—

G.O., No. 4, Financial, dated 4th January 1894.

Read—Resolution of the Government of India, Department of Finance and Commerce, No. 5422-S.R., dated 14th December 1893.

Order—No. 4, Financial, dated 4th January 1894.

* * * * *

Para. 2.—The Superintendent of Stationery will be requested to report in what qualities country-made writing paper is procurable, to what extent its substitution for English-made paper is feasible, and what saving might thereby be effected.

* * * * *

G.O., No. 544, Financial, dated 16th July 1894.

Read—the following letter from E. TURNER, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 25th June 1894, No. 961:—

In recording the Resolution * of the Government of India, No. 5422-S.R., Finance and Commerce Department, dated 14th December 1893, the Madras Government in its order Mis. No. 4, dated 4th January 1894, Financial Department, requested me to report in what qualities country-made writing paper is procurable and to what extent its substitution for English-made paper is feasible and what saving might thereby be effected.

* Reviewing the Administration Reports of the Stationery Offices in Calcutta, Madras and Bombay for the year 1892–93.

2. I have now the honour to report as follows.

3. The writing paper yellow wove of Indian manufacture is already being obtained and issued to a small extent. The average consumption of this paper amounts to 618 reams and its cost, calculated at the current year's contract rates which vary from Rs. 2–15–10 to Rs. 9–6–4 per ream with reference to the description and sizes, is Rs. 2,893–14–8, against Rs. 8,439–8–7, the value of the same quantity of English writing paper, the prices of which vary from Rs. 3–12–6 to Rs. 40–5–0, showing a saving of Rs. 5,545–9–11 (*vide* statement A).

4. I have, however, obtained further samples of writing papers manufactured by the Bally, Titaghur and Bengal paper mills. A statement (marked B) showing their prices of the several samples as compared with those of English writing papers is herewith submitted for the information of Government.

5. Of the samples received azure-laid and cream wove papers furnished by the Bengal paper mills appear to be the best and the cheapest. I may add that the cream wove paper is already in use in the Bengal Presidency. As it is not advisable to substitute these papers to the full extent at once, I request that I may be permitted to obtain, at present, small quantities, say about one-third of the average annual consumption of similar English papers now obtained and to report as to their suitability after trial for a year or two. By this arrangement there will be an additional saving of Rs. 3,769–12–0 as detailed in statement C.

6. The samples of cream laid paper received are all dearer than that now obtained from England and no substitutes for hand-made writing papers are obtainable in India.

7. The several samples obtained from paper mills in India and the English writing papers now in use are herewith forwarded.

Order—No. 544, Financial, dated 16th July 1894.

The azure-laid and cream wove foolscap papers furnished by the Bengal paper mills company appear to be good and the proposal of the Superintendent of Stationery to substitute them for similar English papers is approved. The cream wove octavo is, however, too expensive for ordinary demi-official correspondence. The similar paper supplied by the Titaghur paper mills company at Rs. 1–6–6 per ream seems to be very suitable for this purpose. There is no reason, however, why the proportion of these country-made papers should be fixed for the present at only one-third of the average annual consumption. The quantity to be procured of the azure-laid and cream wove foolscaps will be placed at two-thirds and that of the Titaghur mill's cream wove octavo at three-fourths. Issues in these proportions will be made and the Superintendent will submit a report on these papers at the end of a year. The Bengal paper mills subsized cream wove foolscap 14 lb. (Rs. 5 per ream) appears to be suited for the purposes for which hand-made and the more expensive kinds of machine-made papers are now used. On receipt of supplies the Superintendent of Stationery will furnish Secretariat departments with this paper for report as to its suitability.

2. The samples received from the Superintendent of Stationery will be returned, those approved of above being separately stitched and marked A.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

To the Superintendent of Stationery, with samples returned.

G.O., No. 850, Financial, dated 12th October 1894.

Abstract.—Informing the Superintendent of Stationery that the writing papers to be supplied by the Bengal paper mills company may be water marked "Government of India."

G.O., No. 516, Financial, dated 26th August 1896, paragraph 6.

Read—also the following papers:—

From J. N. ATKINSON, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 1st July 1897, No. 1131.

With reference to the Government orders noted in the margin, I have the honour to report that azure-laid and cream wove papers of Indian manufacture were obtained and issued to different offices in 1894–95, 1895–96 and 1896–97 to the extent shown in the accompanying statement marked A in lieu of similar papers of English manufacture, viz., machine-made, blue laid and cream wove, for trial and report as to their suitability. Replies have been received from 107 officers, and these show that foolscap cream wove 14 lb. and cream wove note paper, though not quite as good as the English papers, sufficiently answer the purpose for which they are intended, viz., drafting and fair copying ordinary correspondence and for demi-official letters. Azure-laid papers of royal, medium and demy sizes do not seem to

G.O., No. 544, Financial, dated 16th July 1894.
G.O., No. 516, Financial, dated 26th August 1886, paragraph 6.

be suitable for copying important statements, plans, &c., or for important registers for which the English machine-made papers are now used. They are good enough for blank books and other ordinary purposes. Almost all the officers are of opinion that the proportion in which machine-made writing papers are now supplied, viz., two-thirds country and one-third English up to foolscap size and three-fourths country and one-fourth English of octavo sized paper, may continue, while the Accountant-General requests that the proportion of country azure-laid royal, medium and demy sizes may be reduced to one-third and that of note paper to half. In my opinion both the azure-laid and cream wove papers of Indian manufacture appear to be sufficiently good for all ordinary purposes and their supply may be continued in the proportions sanctioned in G.O., No. 544, Financial, dated 16th July 1894.

2. As regards the tub-sized cream wove foolscap paper, it may be noted that all docket forms used in the Government Secretariat are now printed upon it and no complaint has as yet been received. Fifteen reams of the same were issued for use in your department on your indent for 1896–97. The paper, however, does not appear to be as good as the English hand-made paper and cannot be recommended for permanent records.

3. The savings effected during the last three years by the introduction of these papers may be estimated at Rs. 21,030 as will be seen from statement A.

Memorandum No. 1614, Financial, dated 30th July 1897.

From J. THOMSON, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 17th September 1897, No. 1723.

With reference to your memorandum No. 1614, Financial, dated 30th July 1897, I have the honour to state that country-made writing papers were supplied to 194 officers as per accompanying list marked A and that, out of the 107 officers from whom reports were received, 12 are Collectors, 6 District Judges and the remainder other heads of departments as per list marked B.

Order—No. 816, Financial, dated 2nd October 1897.

The Government directs that country-made papers shall, except for permanent registers, be substituted for papers of European manufacture in all but the head-quarter offices at the Presidency town and in Army head-quarter offices, the supplies to which will be continued in the present proportions. As regards registers, the Superintendent of Stationery will settle, in communication with the Board of Revenue and heads of departments, the classes of permanent registers for which English-made papers should still be used, referring to Government for decision any cases in which differences of opinion may occur.

2. In order to obtain country-made papers of the best manufacture, the Superintendent of Stationery should place himself in communication with the heads of the Stationery offices in other provinces and obtain tenders from the Bally, Titaghur, Imperial and Bengal paper mills. A further report should be submitted at the end of a year.

3. The Superintendent will, in due course, forward a draft of the necessary corrections to be made in the Stationery Rules.
