Dated 29th Sept. 1897

From the Supg. Engineer II Circle.

NOTE BY TECHNICAL SECTION.

Name of work Famine estimate for road work in the Bellary District.

Amount of Estimate Rs 13,100.

The S.E. II Circle, submits for sanction a Famine relief estimate, amounting to Rs 13,100, for constructing a new road from Chorannur to Shilyappanahalli in the Kudligy taluq, Bellary District.

The length of the proposed road is 7 miles & the estimate provides for raising and sectioning the road here & there, cutting catch & side drains, metalling & gravelling the whole length, blasting rock, removing boulders here & there & for watering & consolidating the metal & gravel.

The top surface of the road will be 18 feet, of which 12 feet in the centre will be metalled to a depth of 6 inches and blinded with 3 to 4 inches of gravel for a width of 15 feet.

Provision has been made for mile & furlong stones & for constructing 3 road dams, two of 44 feet & one of 50 ft.

50 feet, but for one of the 44ft. dams, no provision has been made for aprons. These 3 masonry works, it is submitted, might be eliminated from the estimate & detailed plans called for with hydraulic information &c...

The estimate cost for the 3 dams is only Rs 100.

Then they may stand.

The rates cannot be examined for want of Local Fund schedule, the S.E. however has remarked that the rates have been checked with the L.F. Schedule.

The estimate has been countersigned by the President Dist. Board & approved in Dist. Boards Proceedings dated 11th Sept. 1897.

29.10.97.

The estimate may be sanctioned under Famine Relief.
