READ—the following papers:—

From G. P. ROSE, Esq., C.I.E., &c., Engineer-in-Chief, Hyderabad-Gódavari Valley Railway, to the Chief Engineer and Joint Secretary (Irrigation), Government of Madras, Public Works Department, dated Secunderabad, 2nd August 1897, No. 2643.

I have the honour to inquire whether the services of Mr. P. Hawkins, Assistant Engineer, Irrigation Branch, Public Works Department, can be lent to this railway for the purposes of construction. The terms I am prepared to give are those usual in similar cases, namely, the pay of the grade next higher to his substantive grade in the Public Works Department together with exchange compensation. The contribution for his leave and pension allowances would be paid into the Local Government treasury by the railway. He would also during construction be paid consolidated travelling allowance at the rate of Rs. 150 per month. I shall be greatly obliged if you will kindly let me know whether this temporary transfer can be arranged and if the Madras Government sanction the proposal. I shall esteem it a great favour if you could place Mr. Hawkins' services at my disposal at a very early date.

Transferred to the Chief Engineer, Public Works Department, for disposal.
