Note

Note.

The expenditure on the Telegraph office at Vizagapatam to end of 1896-97 was Rs 348, and a sum of Rs 8,300 was provided for the work in the budget estimate for 1897-98. In the statement of demands for incomplete works, the Suptg. Engineer applied for an additional grant of Rs 2,953. This application was rejected in the absence of special reasons as to the urgency of the demand. The Supt. of Telegraphs ^{subsequently} having urged the early completion of the work, the Govt. of India was requested to provide a special allotment of Rs 2,702 being the unspent balance of the estimate. The Govt. of India regrets its inability to sanction the additional allotment and requests that the provision for the outlay should be met from the existing grant by postponement, if necessary, of some less urgent works. A sum of Rs 10,853 being now available from the reserve under Repairs, it may be allotted at once and the Suptg. Engineer asked to propose surrender of funds to meet the balance.
