2. It is observed from para 2 of the Suptg: Engineer's letter that sanction of Govt to the employment of these men was not obtained in previous years. This is opposed to G.O. Note The buildings in question are situated close to Irrigation works and are used by the officers of the P.W. Dept. on tours of inspection. As they are not occupied throughout the year, it is necessary that there should be some men to keep the buildings and gardens clean. It is therefore proposed to sanction the entertainment of the watchmen applied for.

2. G.O. No 1328 W dated 17th May 1893 lays down that all proposals for the employment of watchmen should be submitted for the sanction of Govt. It will be seen from para 2 of the Supdg. Engineer's letter that the pay of the men was in previous years included in the repair estimates simply and that sanction of Govt. was not obtained. It is, therefore, proposed to call for an explanation from the Executive Engineer and the Examiner in regard to the omission
