Deduct amount proposed to be transferred to meet outlay on Bhaváni reservoir project and sanctioned by Superintending Engineer	600
	900

(a) *to* (c) Grants required to work out estimates in hand.

(d) Rs. 6,000 is required for works and Rs. 6,795 is the value of plant which has been supplied by the Presidency workshop. The total outlay to end of February is Rs. 12,742, of which Rs. 4,500 have been met by transfer from other items. The actual amount now required is Rs. 8,500. A revised estimate will be submitted. The plant is required to bail water out of the trial wells.

(e) Grant applied for to cover the outlay incurred to end of February. Work is proceeding as per programme reported in this office No. 3081, dated 18th September 1896, and also some levelling is being done under Superintending Engineer's order.

(f), (h) *and* (i) Grants given up as there are no estimates in hand.

(g) Rs. 1,000 only can be spent.

No. 55 I.

Submitted to the Chief Engineer for Irrigation for favour of sanction with reference to his Memo. No. IV/7 C.I., dated 27th February 1897.

(Signed) J. HANNAN,
Superintending Engineer, IV Circle.

25th March 1897.

No. 1063.

Forwarded to the Superintending Engineer, IV Circle, for sanction with reference to his No. 137 C.I., dated 8th March 1897.

(By order.)

(Signed) M. G. PEREIRA,
for Executive Engineer.

22nd March 1897.

No. 82 I.

Submitted to Government. The net demand of Rs. 14,613 for the Coimbatore division may be met from the sum of Rs. 12,000 surrendered by the Superintending Engineer, II Circle, in his No. 3389 K.N., dated 24th ultimo, and from the sum of Rs. 3,000 surrendered by the Superintending Engineer, V Circle, in his No. 61 E.I., dated 2nd instant.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

NOTES.

CHIEF ENGINEER
FOR IRRIGATION.
29 MAR 1897
No. R16 C.I

Reference to P. W. D. Code.

Vol. II, Chapter IV, para. 135 (h).

1. This form should be used by the Executive Engineer in any of the following cases :—

(*a*).—When he requires a grant, or an addition to an existing grant, for carrying on a sanctioned major work.

(*b*).—When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.

(*c*).—When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :—

———PROJECT.

(1).—HEAD WORKS—

(*B*). Land

(*K*). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.
