Letter from Capt Wm Ellis Esq
Executive Engineer, District Northern D.
to the Superintending Engineer
2nd Circle, No. 462 S.E., dated 18-10-97.

With reference to your No. ²³¹ 28-49

Sanctioning an estimate for con-
-structing a rivetment along the
Bandar Canal in 1st and 2nd miles, I
have the honor to report that
on the special request of the
Chairman, Municipal Council,
Bixwada, 7 steps for the use of people
to take drinking water etc were
constructed.

2. An estimate for the extra
charge thereby incurred including
per centage charges was prepared
and sent in to the Chairman who
remitted the amount of Rs 100/-
and the work was carried out
according to the estimate herewith.

3. As the steps were constructed
in connection with the rivetment
work, the former work was not

accounted for as a separate
Contribution work, but the amount
submitted by the Municipality
for the same was credited to
the latter estimate.

The Examiner objects to this
procedure and requires the sanc-
tion of Government for carry-
ing out the above work, I
have the honour, therefore, to
request you will be good
enough to obtain sanction to
the execution of work as per en-
closed estimate at the cost of
the Municipality of Berzwada.

2283 R.N.

No 19.11.97

Forwarded to the Chief Engineer, S.W. Department
for favor of sanction of Govern-
ment being obtained to the
estimate amounting to Rs 82 for
Constructing 7 steps in the re-
-virement at the end of ramps
on the Subulpatam Canal bank.
