General.
Account.

READ—the following papers :—

From the Director-General of Telegraphs, dated 2nd November 1897, No. 1004 C.
" " of the Post Office of India, dated 9th Nov. 1897, No. 1004 C.
" " " " dated 10th Nov. 1897, No. 5018 C.
" " " " " 16th " " No. 482.

Proceedings of the Board of Revenue (Separate Revenue), Mis. No. 4850, dated 8th November 1897.

Resolution—Mis. No. 4850, dated 8th November 1897.

The Board begs to submit a statement showing the salt work proposed for entry in the Public Works Department budget (Imperial) for 1898–99.

2. The works shown in the list against items 1 to 4 are provided with reference to the remarks against items (*d*), (*f*) and (*g*) in G.O., No. 2050 W., dated 28th July 1897, but it is a question for the consideration of Government whether, with reference to G.O., No. 3093 W., dated 16th November 1887, the repairs to the portion of the St. Joseph's College buildings, which are borne on the register of the Public Works Department and classified as "Provincial," should not be provided for in the "Provincial" service budget of the Public Works Department.

3. The fifth work is rendered necessary owing to the present roof of the office room of the Deputy Commissioner, Southern Division, being so low that the room is very hot and uncomfortable, especially in the hot weather. To remedy this the Deputy Commissioner proposes to make the room at present without a roof next to the clerks' tiffin-room in the left wing of the Infantry barracks (*vide* sketch enclosed) habitable by pulling down the partition wall and putting up a high tiled sloping roof. The amount entered in the list is that estimated by the Deputy Commissioner (*vide* estimate and plan enclosed), but as the work has to be executed by the Public Works Department, and as its cost exceeds Rs. 500, the Board requests that Government will be pleased to issue orders for the preparation of plans and estimates by that department.

(True Copy and Extract.)

(Signed) EDMUND MILLETT,
Assistant Secretary.

Mis. No. 5958, Revenue.

Transferred to the Public Works Department.

(Signed) G. STOKES,
Secretary to Government.

18th November 1897.

ORDER—No. 3414 W., dated 6th December 1897.

Ordered that the schedule of requirements for 1898–99 on account of Imperial—Civil Works be forwarded to the Government of India.

2. The works brought forward by the Director-General of the Post Office of India have been included in the schedule, and the Director-General of Telegraphs has reported that no Major works are to be carried out during the ensuing year. A sum of Rs. 17,000 has, as usual, been provided under Postal and Telegraph repairs, and it is not possible to reduce this amount.

3. An estimate of Rs. 35,060 for the observatory building at Kodaikánal was sanctioned by the Government of India in its letter, No. 14 B., dated 7th January 1897, printed with G.O., No. 445 W., dated 15th February 1897. A revised estimate of Rs. 41,150 has been received and is under consideration. A sum of Rs. 28,200 has been provided for the work in the current year's budget, but the Superintending Engineer reports that the work cannot be commenced before January next. As it is not, therefore, likely that more than Rs. 10,000 will be spent on the work before the close of the year, a sum of Rs. 28,940 has been provided in the schedule. There is also no probability of the entire budget grant of Rs. 12,000 for the Superintendent's residence at Kodaikánal being utilised, and a sum of Rs. 13,663 has, therefore, been applied for. The sum of Rs. 4,090 entered in the schedule for the quarters for the Meteorological establishment represents the unspent balance of the estimate for the work.

4. In the list of salt works submitted by the Board of Revenue, Separate Revenue, a sum of Rs. 6,030 has been provided for reconstructing the Alathur road near Chunampet factory. This provision has been eliminated from the schedule, the Government of India having declined to sanction any grant for the road from Imperial Funds. The Board of Revenue has also brought forward, for execution during 1898–99, a few minor works and repairs under salt, some of which have been postponed during the current official year from want of funds. A sum of Rs. 2,000 has accordingly been provided in the schedule.

5. With reference to the inquiry made in paragraph 2 of the Board's Resolution, Mis. No. 4815, dated 8th November 1897, it is observed that any additions or improvements to a Provincial building in the interest of the salt department should be charged to salt funds. The plans and estimate for converting a portion of the bomb proof barracks at Trichinopoly into an office room for the Deputy Commissioner, Southern division, prepared by that officer are forwarded to the Superintending Engineer, VI Circle, in view to their being revised and sanctioned in the Public Works Department.

6. The officers concerned will lose no time in submitting plans and estimates for items 1 and 2 of the schedule.

ORDER.

Ordered that the schedule of requirements for 1898-99 and the account of Imperial Civil Works be forwarded to the Govt. of India.

2. The works brought forward from 1897-98 are sanctioned by the Director General of Posts and Telegraphs, and the Director General of Statistics, and the Registrar of Companies, and the Board of Examiners, and the Director General of Commercial Intelligence

No. 445 dated 15th February 1897.
A revised estimate of Rs 41,150
has been received and is under
consideration. A sum of Rs 28,200
is been provided for the work in
the current year's budget, but the
Supdg Engineer reports that the
work cannot be commenced before
January next. As it is not, therefore,
likely that more than Rs 10,000 will
be spent on the work before the
close of the year, a sum of Rs 28,940
has been provided in the schedule.
There is also no probability of the
entire budget grant of Rs 1,200 for the Super-
intendent's residence at Kodaikanal
being utilised, and a sum of Rs 1,363
has therefore been applied for. ~~The Supdg~~
~~Engineer, Madura, will arrange~~
~~to the least possible delay such~~
~~portions of the grants for the Ob-~~
~~servatory and the Residence as cannot~~
~~utilised before the close of the~~
~~year.~~ The sum of Rs 4,090 entered
the schedule for the quarters for
Meteorological Establishment
represents the unspent balance of
estimate for the work.

the list of Salt works
by the Board of Revenue,
Separate Revenue,

Separate Revenue, a sum of
Rs 6,030 has been provided for
reconstructing the Alathur
road near Chunampet fac
This provision has been eliminated
from the schedule, the Govern
of India having declined to
sanction any grant for the
road from Imperial Fund
The Board of Revenue has also
brought forward, for execution
during 1898-99 a few minor wor
and repairs under Salt, son
of which have been postpone
during the current official y
from want of funds. A
sum of Rs 2,000 has accord
been provided in the schedu

5. With reference to t
inquiry made in para 2 o
Board's Resolution No. 4815
dated 8th November 1897, it
observed that any add
or improvements to
building in the int

Salt Department should be charged to Salt funds. The plans and estimate for converting a portion of the bomb proof barracks at Trichinopoly into an office room for the Deputy Commissioner, Southern Division, prepared by that officer are forwarded by the Supty: Engineer, VII Circle, in view to their being revised and sanctioned in the P.W.D.

The officers concerned will lose no time in submitting plans and estimates for items 1 and 2 of the schedule.
