The Public Works portion of the file (i.e. papers referred to in para 2 of Secy. of State's letter, and also the letter forwarding the charts referred to in para 1 of the above letter) has not been put up. These papers are urgently at Madras for want of the P. W. Index of 1897 (which has not yet been received here) I am unable to trace them.

I shall write to Madras for these papers, if you think that they are necessary for the disposal of the Current.

As there has already been a delay of a week, I submit the file for your orders before writing to Madras for the P. W. papers.

Sir,

With reference to your Memorandum No. 14776C dated 16th November 1897 I have the honor to inform you that the chart represents the proposals made by me in the report printed with G. O. No. 245 marine dated 8th April 1896 which were not fully accepted by Government. The remark in my letter was merely intended to prevent anyone thinking that the charts represented final proposals as these are not yet fully worked out and will be presumably sanctioned in detail by Government as the estimates are submitted.
