orders, but questions arose as to who should bear the commission in cases where remittances were made by money order for the convenience of the work payee. In G.O. No. 6364 of 7-3-94, it was ruled that the commission should not be charged to Govt. except in cases where an officer is stationed at a place where there is no Govt. Treasury. By G.O. No. 1557 of 31 January 1896, previous orders were cancelled, & officers of the dept. were allowed to adopt money orders at their discretion up to a limit of Rs. 25. The object of fixing a limit is of course to avoid excessive charges for commission. Since payments can be made by cheque, or remittance transfer receipt, on the latter of which there is no commission. The present application is for a relaxation of this limit so far as regards famine transactions. There is no objection to the rule being relaxed for famine purposes.

Sir,

Enclosures.

In G.O. No. 1W dated 31 January 1896 it was decided that Officers might adopt money orders up to a limit of Rs. 25 when they found it more convenient to do so. During the recent famine however this limit has often been exceeded as money orders afforded the easiest way of making remittances. In passing the Contingent Bill of the Bellary Division the Examiner, P. W. Accounts has requested that Government may be addressed with a view to the rule regarding the Rs. 25 limit being relaxed so long as the famine lasts and I beg that you will be good enough to take the necessary steps.

I have the honour to be,
Sir,
