From Commander H. A. STREET, R.I.M., Presidency Port Officer, to the Secretary to Government, Marine Department (through the Secretary to Government, Public Works Department), dated Madras, 19th November 1897, No. 206/406 G.

With reference to paragraph 1 of G.O., No. 364, Marine, dated 22nd April 1897, I have the honour to forward herewith (duly countersigned), for sanction of Government and allotment of funds, the accompanying estimate from the Superintending Engineer, IV Circle, amounting to Rs. (8,000) eight thousand for repairs to the pier at Calicut. As the structure is in urgent need of repairs and these repairs should be taken in hand immediately it is handed back by the Pier and Warehouse Company, I request that early sanction may be accorded.

2. The expenditure can be met from the Western Group Port Fund.

3. The report and plan which accompanied the estimate are also forwarded herewith.

Telegram from the Presidency Port Officer, to the Secretary to Government, Marine Department, dated 14th December 1897.

Necessary repairs to pier be undertaken without delay. Structure seems very shaky. Delay means additional expenditure.

Note by the Chief Engineer, Public Works Department.

The rate provided for cast iron appears very high, and it has been reduced to that prevailing in Madras *plus* 50 per cent. for carriage. As the repairs are said to be urgent, the estimate is recommended for sanction without further reference to the Superintending Engineer on this point.

15th December 1897. (Signed) W. B. deWINTON,
Ag. Chief Engineer.

2. If an additional allotment is necessary, the Superintending Engineer will propose a re-appropriation of funds from the existing grants for the unsanctioned works in his circle.

Amount of estimate Rs 8,00

The above estimate has been fram with reference to G.O. No. 1422 W dated 26th May 1897 & provides for repairing the pier at Calicut.

Provision has been made for removing and relaying the planking of the pier, renewing decayed joists, beams & planks where necessary, also for new iron tie which connect the iron piles, as several of these are reported to be broken or lost.

The estimate further provides for painting 2 iron cranes & for petty repairs to cranes, ladders & of the pier.

The rates that could be check are fair. That for iron castings viz. 8 annas per lb. or 1120 Rs per ton, appears excessive.
