Sir,

I have the honor to bring to your notice that the two blocks of the old Jail wards at Calicut was made over to the Municipality in G.O. N^o 1387. Public dated 6th November 1868. The chairman Municipal Council, states that the transfer was unconditional and there is no mention of any condition of transfer in the Government order, although in the list of vacant Government buildings transferred temporarily to local Municipal Boards. Municipalities & printed with G.O. N^o 1463 W. dated 1st June 1893, this block of buildings is stated to have been made over to the Municipality on condition of being kept in repair and surrendered when required.

2. I do not think it was the intention of Government to make a present of such buildings in an excellent situation to the Municipality and therefore request that the definite orders of Government may be obtained in the matter.

As the buildings are too large for the requirements of the Municipality, a portion of it (one block) is now being used by the "Spectator Press" for which an annual rent of \$20 is, I believe, being realized and thus not only is the Municipality occupying a Government building free of rent which is not permissible under G.O. No. 1674 W. dated 5th July 1894, but they are also realizing rent which should properly be credited to this department.

The Revenue Settlement Office here is located in a private building for which a monthly rent of \$50 is being paid and it would be the interests of Government, to get back both the blocks from the Municipality, for the occupation of Government departments requiring it.

In my inspection notes for June 1896 forwarded with this office No. dated 20th June 1896. I suggested that it would be a great improvement to the town if a combined Post and Telegraph Office was built on this site and if any thing should come out of the proposal, it would be necessary to settle first the conditions under which the Municipality hold possession of the place.

October 1896 from the Executive Engineer west coast &c suggesting that the Calicut Municipal Council may be ordered to give up the two blocks of old jail buildings.

The Council is of opinion that the buildings were handed over to it unconditionally in 1868- the Council has been in uninterrupted possession and enjoyment of it for 28 years and has been spending large amounts

amounts or repairs to them. The Revenue Department itself which occupied the buildings for nearly 9 years paid a rent of Rs 50 per annum and never raised the objection that it was not liable to pay it on the plea that they were government buildings. The municipal Council is contemplating to utilize a portion of the buildings as a market and this will form the subject of a separate communication.

Sir

In returning herewith your endorsement n^o 1272 dated 5th November 1896 referring to the municipal Council Calicut for remarks, the endorsement of the Public Works Department on letter from the Executive Engineer West Coast Division n^o 583 dated 15th September 1896, I have the honor to state that the block of buildings therein referred to was transferred to the Municipal Council unconditionally. The municipal Council has been spending money year after year to keep the buildings in good order. It may not be out of place to mention here that for several years government was paying a monthly rent of Rs 50/ when the buildings were occupied as the Collector's Office. This fact alone conclusively proves
