From Lieutenant-Colonel A. W. SMART, R.E., Superintending Engineer on Special Duty, Tanjore, to the Chief Engineer, Public Works Department, dated 18th December 1896, No. 813.

I have the honour to request that the Government may be pleased to allow me, in connection with the special work in which I am now engaged, to visit certain works in Northern India, such as the Bengal drainages near the coast, the head of the Sone canals, where methods of reducing the quantities of sand entering have been adopted, &c. Mr. Highan, the Inspector-General of Irrigation, promised to draw up a list of works, which he thought I should see, and he was of opinion that the tour could be completed in six weeks.

2. As the tour is likely to be an expensive one, I request that, in order that I may not be out of pocket, I may be granted deputation allowance under articles 98 and 99 of the Civil Service Regulations, in addition to the usual travelling allowances.

From the Examiner, Public Works Accounts, dated 6th January 1897, No. 28 D/E.

From the Chief Engineer for Irrigation, dated 23rd January 1897, No. 27.

Sir,

With reference to your no 778.c dated 8th February 1897, I have the honour to state that I asked for deputation allowance during my proposed tour in Northern India to meet extra expenses which the ordinary travelling allowance cannot meet. For instance, whilst I am in Calcutta or its neighbourhood inspecting drainages, Rs 6 a day will not cover the expense; it will cost me, I expect, Rs 12 a day. I expect also extra expenses in large ^{towns} ~~cities~~ as Agra and Delhi.

Besides, I cannot get rid of

of my house and establishment at
Tanjore, which will cost me something
during my absence.

However, if the Government
do not think I am justified in asking
for deputation allowance, I am prepared
to go in the usual travelling allowance
rules only.

Sir,

I have the honour to request that the Government may be pleased to allow me, in connection with the special work in which I am now engaged, to visit certain works in Northern India, such as the Bengal drainages near the Coast, the head of the Sone Canals, where methods of reducing the quantities of sand entering have been adopted. There are two conditions
attached to the grant of
deposition all over, viz. (1)
if the duty involves in
cases of words or responsibility
& (2) if it requires a change
of station - Lt. Col. Smart
apparently claims it under
the 2nd condition, but

on whether Col. Smart may find he is
willing to go without any deputation allowance, his travelling expenses
being paid. C.

as he states that
he is out of pocket for the
tour, it is proposed to
ask him in the drop
go., how he will be
a loser, if all his
travelling expenses are
paid.

His visit to the
North does not require
the sanction of the
C. & S. - but if
deputation allowance is
to be given, this will
require Indian sanction.

Ordinarily
the grant of deputation
allowance for such a short
tour would be sanctioned
by this Govt., but Col.
Smart is already on
special duty for a
period of over 6
months, & the War
Office thinks therefore
that any deputation
allowance would require
Indian sanction.
