The Deputy Tahsildar's office at Perundurai is a very old building, totally unsuited for use ^{as a} ~~as a~~ court house and its establishment; it is dark, incommodious, and ill-ventilated. The front of the building is occupied by the Police lock-up and subsidiary jail. No other arrangement is possible and this makes it difficult to prevent free communication between the inmates and outsiders at nights. It is therefore desirable to rebuild the office and substitute for it a new building of the type design. I have the honour to request that sanction may be accorded for the early construction of a building of type design with ordinary flat and pan tile roofing and that orders may be issued for the preparation of an estimate for the work.

2. A ground plan of the existing building and a plan of the proposed site are submitted herewith.
