From Lieutenant-Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer for Irrigation, dated Chepâk, 5th July 1897, No. 144 E.I.

I have the honour to submit, for sanction, the enclosed revised estimate of Rupees 3,912 in the form of a comparative statement for restoring the old irrigation channel of Sithanavalur and constructing the necessary masonry works for it in the Vettar left bank, Tanjore division, showing an excess of Rs. 652, over the original estimate of Rs. 3,260 sanctioned in G.O., No. 467 I., dated 1st June 1895.

2. The necessity for the revision of the estimate is explained in the remark column of the comparative statement.

To the Superintending Engineer, V Circle, dated 8th July 1897, No. V/81 T.J.

From the Sub-division Officer, Tanjore, to the Executive Engineer, dated 23rd July 1897, No. 1715.

I beg to report that there is a land statement prepared by the then Sub-division officer, Mr. Nilakunda Sastriar, who appears to have fixed the valuation from local enquiry as is usually done. There is nothing to show that this was submitted to the Collector prior to the estimate being sanctioned.

No. 3110.

Submitted to the Superintending Engineer, V Circle, with reference to his endorsement, No. 238 T.J., of 14th July 1897, on Chief Engineer's memo., No. V/81 T.J., of 8th July 1897.

2. Of the excess of Rs. 652 referred to, the sum of Rs. 559 was due to the value of land required for the work having been under-rated in the original estimate, which ought not to have occurred. The revised estimate may be sanctioned.

3. In this office Circular memo., No. 10 G., dated 7th May 1897, Superintending Engineers have already been instructed, in preparing estimates in which land compensation forms an important item, to obtain an estimate of value from the Revenue Divisional officers.
