ENG. No. 2 4356 1897
P. WORK No. 946 Dt. 2-10-97
FROM Am

Explanatory Note on the 6 months Capital Estimate of the Madras - Ennore Section of the Bezwada - Madras Railway for the year 1897-98

To bring the Madras - Ennore Section of the Bezwada - Madras Railway up to a proper standard of efficiency it was found absolutely necessary to execute the following works

(1) Extension of Through Siding at Tondiarpettai

(2) Raising Platforms at Tondiarpettai, Tiruvattiyur, Eranavur and Ennur

(3) Additional Culvert at 9/23 Ms and improvements in drainage at Ennur

(4) Tank at 5½ Mile

Government of India has accordingly sanctioned in its Resolution No. 3/B.C. A.R dated 19th March 1897 Rs 20000/- to be spent on the above Branch during the official year 1897-98.

It will be observed that there was a net balance of Rs 17,949/- available on 1st April 1897 on the Project Estimate amounting to Rs 6,00,000/-

946 dt 2.10.97
From Aud

of Revenue Receipts and Expenses
of the Madras-Emore Railway

Receipts 1897-98

The Coaching Traffic has been based on actuals up to date and Goods Traffic on the assumption that the carriage of State Railway materials will continue on something approaching the present scale for the rest of the current Official year.

Expenses 1897-98

The small decrease in provision in the six months Estimate is due to t credit given in June 1897 half year account of Rent of Telegraph instrume

Receipts 1898-99

The Coaching figures are taken as the same as no further development of passenger traffic is likely until further sections of the line are opened and we have no knowledge as to when that event is likely to take place.

The Goods Receipts have been reduced as it is probable that the carriage of construction materials which constitute almost the whole of this item of Revenue will not continue during the whole of the next year.

Expenses 1898-99

The Revenue Budget is estimated at less than that of the current year in consequence of reduction under Gangs, Establishment, Ballast and carriage of materials.
