Sanctioning the execution, by the Public Works Department, of the work "Repairing and improving No. 17, —, estimate Rs. 2,100," and directing that a letter be sent to the Resident in Mysore.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following papers :—

From Lieutenant-Colonel D. ROBERTSON, Resident in Mysore, to the Joint Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Bangalore, 4th June 1897, No. 2414.

I have the honour to invite a reference to the correspondence ending with my letter, No. 13, dated the 31st December 1896, and to inquire how the matter of the restoration by the Madras Government of Koranur tank, Hosúr taluk, Salem district, towards the cost of which the Darbar are prepared to contribute a proportionate share, now stands.

Memo. No. IV/21 S.L.

With reference to G.O., No. 121 I., dated 9th February 1897, the undersigned has the honour to request that the Superintending Engineer, IV Circle, will be so good as to report at an early date when the revised estimate therein called for for restoring the Koranur tank may be expected to reach this office. He is requested to be so good as to treat the matter as urgent and expedite the submission of the revised estimate, as the Resident in Mysore has written to inquire how the matter now stands.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

11th June 1897.

From the Executive Engineer, Salem Division, to the Superintending Engineer, IV Circle, dated 30th June 1897, No. 235 S.E.

With reference to your endorsement, No. 49 S. L., dated 2nd March 1897, I have the honour to forward herewith a copy of the letter, No. 538 E., of 27th instant, from the Sub-Divisional officer, Tiruppattùr, to whom the estimate of Rs. 2,100 for repairing and improving No. 17, Koranur tank, of Hosúr minor basin, was sent for revision, reporting that a revised estimate for the work is unnecessary and that it may be put in hand under the present estimate prepared by the Tank Restoration Scheme.

The plans and estimates are also returned for favour of early sanction and return so that the work may be put in hand at once.

ENCLOSURE.

From M.R.Ry. T. RAMANUJAM PILLAI, Sub-Divisional Officer, Tiruppattúr Sub-Division, to the Executive Engineer, Salem Division, dated 27th June 1897, No. 538 E.

Referring to your endorsement, No. 347 S., of 15th March 1897, directing to submit a revised estimate for restoring the Koranur tank, which is said to have breached since the submission of the estimate by Tank Restoration Scheme Party, I beg to report that the breach referred to lies at No. 2 sluice from left flank which is proposed to be replaced by a new one, the tunnel of the existing one being damaged beyond repairs.

The estimate provides Rs. 45 for earthwork, for excavating foundation, opening and closing the bund. As the bund at the sluice is already opened, the amount allowed for excavating foundation and closing will not exceed; hence a revised estimate for the work is unnecessary and the work may be put in hand under the present estimate.

The position of the breach is marked out both in the longitudinal and cross sections of the bund.

An enlarged section of the breach is also herewith sent.

No. 127/I.

Copy submitted to the Chief Engineer for Irrigation, with reference to G.O., No. 121 I., dated 9th February 1897.

(Signed) J. HANNAN,
Suptg. Engineer, IV Circle.

5th July 1897.

ORDER—No. 673 I., dated 22nd July 1897.

In the circumstances reported by the Superintending Engineer, IV Circle, the execution, by the Public Works Department, of the work "Repairing and improving No. 17, Koranur tank—estimate Rs. 2,100"—is sanctioned.

2. The following letter will be sent :—

[Here enter No. 674 I., dated 22nd July 1897.]
