SUBJECT.

Road

Comments to the Public Works Department, letter from the Heads, District Board, Anantapur, stating that, for reasons stated, the proposed road from Vanganur station to Senezalagudur village is not likely to be taken up at present as a famine relief work.

2 The Agents Manager M.R.
 - Comm. Expt. for R.R. & the
 President

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following papers:—

From the Public Works Department, ⁵¹¹⁸N^o 730 D., dated 6th July 1897, transferring letter from the Agent and Manager, Madras Railway regarding the road from Vanganur Railway station to Senegalagudur in the Anantapur district.

From the President, District Board, Anantapur, N^o 37, dated 21st September 1897.

With reference to your endorsement N^o 759, dated 15th July 1897, on letter N^o 730 D. from the Public Works Department dated 6th July 1897, I have the honour to submit that the Collector in his N. Disp. ^{7C.341} 6-9-97, states that the road work from Vanganur station to Senegalagudur village referred to in the above, is not likely to be taken up now for Famine Relief as the more important Virapur-Vanganur Channel work in the vicinity of the road in question, has already been sanctioned.

2. Extract of paras 1 and 2 of Famine Deputy Collector's letter N^o 1749, dated 28th August 1897, explaining the circumstances under which the Vanganur

Vanganur road work was not opened is herewith submitted.

3. The papers received with the above endorsement are herewith returned.

Enclosure:-

Letter from Famine Dy. Collector of Coovet,
to the Collector of Anantapur, F. Reference No. 1749,
dated 28th August 1897.

With reference to your Ref. F.C. $\frac{341}{6847}$, asking
me to report why the feeder road from Vanganur
Railway Station to Senegalagudur was not recom-
mended by me for sanction and execution already,
I have the honour to state that there are 2
relief works in the neighbourhood of the tract of
the country in question, viz, Senegalagudur and
Verapuram. The former work was started on the
20th January 1897. At that time the coolies at
Vanganur were not willing to attend relief work
at the wage then allowable under the Famine
Code. So the feeder road was not then recommended.

2. Verapuram work was started on the 26th April
1897. The Vanganur feeder road was not then re-
commended to be started, because it was found
necessary to open a work between Verapuram

and Tadipatri in order to afford employment chiefly
to the coolies living in the villages on the northern
bank of the Pennair river, who were in need of work.
Vanganur feeder road work will be too far to
them.

Order, No. 1928 L. No. 1, dated 6th October 1897.

The President's letter read above and
its enclosure will be communicated to the Public
Works Department.

(True Extract)

J. H. S.
For Secretary to Govt.

To,

The Public Works Department.
