Irrigation.
Account.

READ—the following paper :—

No. 172 I.

Note by the Chief Engineer for Irrigation.

The following extract from a list showing excesses incurred over estimates for certain works requiring sanction, forwarded by the Superintending Engineer, II Circle, with his endorsement, No. 1461 K.E., dated 20th August 1897, is submitted to Government :—

Item No.	Name of work.	Amount of estimate.	Expenditure.	Excess.	Explanation of excess.
		Rs.	Rs.	Rs.	
1	Constructing head sluice to Kistnapuram branch of Medur channel, Masulipatam canal.	350	369	19	The excess is due to water having had to be carted from a distance of over one mile and to cost of excavating a pit 13 feet deep at work site to obtain water which, however, was not met with at that depth.
2	Constructing sluice No. 3 to Rallacodu of Kykalur channel.	222	253	31	The excess is due to dressed face stone work not provided for in the estimate and to workshop charges being greater than the provision made in the estimate for shutters.

For the reasons explained, the excesses may be passed.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

3rd September 1897.

ORDER—No. 858 I., dated 20th September 1897.

The Examiner of Public Works Accounts is authorized to admit the excess expenditure incurred on the works referred to above, the total excess, viz., Rs. 50, being met from the balance of the provision made for item 710 of the statement printed in Proceedings of Madras Government, No. 857 I., dated 11th October 1893.

2. This sanction is registered as No. 81 I. of 1897-98.

(True Extract.)

Under Secretary to Government,
