To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

With reference to your telegram No. 53 A.I., dated 28th June 1897, I am directed to forward a copy of Proceedings of Madras Government, No. 878 I., dated 29th September 1897, and to request that, in the circumstances reported, the Government of India may be moved to permit the appropriation of the sum of Rs. 31,700, or Rs. 36,691 including establishment charge, out of the amount of Rs. 79,850 under "42. Major works (Working expenses)," mentioned in telegram, dated 20th July 1897, from the Secretary to Government, Public Works Department, and to sanction an additional allotment of Rs. 17,300, including establishment charge, for the Kistna delta system, as this amount cannot be provided by re-appropriation of funds.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) W. HUGHES,
Joint Secy. to Government,
Irrigation Branch.

Ordered that a letter be sent to the Government of India requesting sanction to the appropriation of the sum of Rs. 36,691 out of certain amount under "42. Major works (Working expenses)" and to an additional allotment of Rs. 17,300 for the Kistna delta system.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezwada, 4th September 1897, No. 1617 K.N.

In reference to your memo., No. II/119 K.S., dated 5th July 1897, I have the honour to inform you that the current year's grant under 42. Major works (Working expenses) of the Kistna Northern division, has already been spent.

2. Unless additional funds can be provided, it will be impossible even to pay the establishment of the headworks of the Kistna system.

3. I therefore request that you will be so good as to transfer to this division the sum of Rs. 26,700 surrendered by the Executive Engineer, Kistna Eastern division, and arrange for the balance Rs. 27,300 being provided from other sources.

4. I need scarcely observe that the expenditure was absolutely necessary for the safety of the works, and I gather from paragraph 3 of the Government of India letter printed with G.O., No. 2164 W., dated 7th August 1897, that a further representation on the subject of these funds that are so urgently required, will be favourably considered.

No. 182 I.

Note by the Chief Engineer for Irrigation.

In Proceedings of Madras Government, No. $\frac{571}{A.}$, dated 19th June 1897, the Government of India was requested to sanction an additional grant of Rs. 54,000 under "42. Major works (Working expenses)" which was absolutely required for the Kistna Northern division for completing repairs for the safety of the Kistna anicut and headworks and for constructing punts for mounting two dredgers. The Government of India in reply thereto, in its telegram No. 53 A.I., dated 28th June 1897, declined to comply with the demand, and directed that the sum required for urgent repairs to the Kistna delta system should be met by re-appropriations of funds within the existing grant under that head.

2. The Superintending Engineer, II Circle, now reports that the current year's grant under "42. Major works (Working expenses)" of the Kistna Northern division has already been spent, and urges that arrangements be made to provide the additional funds required.

3. With reference to G.O., No. 1986 W., dated 23rd July 1897, it was proposed to surrender to the Government of India Rs. 79,850, including Rs. 26,750 from the Kistna Eastern division, from the current year's grant under "42. Major works (Working expenses)." The Superintending Engineers now report, with reference to paragraph 3 of the Government of India letter, No. 144 A.G., dated 27th July 1897,

communicated with G.O., No. 2164 W., dated 7th August 1897, that no surrenders can be made save Rs. 5,000 from the Kurnool-Cuddapah canal. It is suggested that this amount, together with the Rs. 26,700 proposed to be surrendered by the Superintending Engineer, II Circle, in his letter No. 1617 K.N., dated 4th September 1897, paragraph 3, aggregating Rs. 31,700, or Rs. 36,691 including establishment charges, may, with the approval of the Government of India, be transferred to meet in part the additional allotment of Rs. 54,000, required for the Kistna Northern division, the Government of India being requested to sanction an additional grant to meet the balance, viz., Rs. 17,309, including establishment charges, or say, Rs. 17,300 still to be provided.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

11th September 1897.

ORDER—No. 878 I., dated 29th September 1897.

Ordered that the following letter be sent to the Government of India.

Funds for the Kistna Delta

Forwarding copy of proceedings directing that a telegram be sent to the Government of India requesting sanction, by wire, to an additional grant of Rs. 54,000 for the Kistna delta system under "42" for completing repairs in progress for the safety of the anicut and head works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following paper :—

No. 128 I.

Note by the Chief Engineer for Irrigation.

In the schedule of demands on Imperial funds for the current year, printed in Proceedings of Madras Government, No. 1051 I., dated 15th December 1896, Rs. 6,48,000 were applied for for the Kistna delta system under "42. Major Works (Working expenses)." The Government of India in its letter No. 1 A.I., dated 7th January 1897, printed in Proceedings of Madras Government, No. 68 I., dated 20th idem, having reduced the total amount applied for under this head by Rs. 1,54,000, the grant for the system had to be reduced to Rs. 5,75,000. As noted in paragraph 6 of the note embodied in Proceedings of Madras Government, No. 125 I., dated 9th February 1897, the Superintending Engineer, II Circle, reported in his endorsement No. 2824 K.N., dated 8th January 1897, the necessity for supplementing the grant originally proposed by him for the system by Rs. 33,210, the amount being required for working out the balances of several estimates prepared after the floods of last year and for revetting the nose of the lock entrance at Bezwada. But for want of funds this demand was not complied with.

2. In his endorsement No. 356 K.N., dated 4th May 1897, the Superintending Engineer, II Circle, once more urges the necessity for additional funds. The current year's grant for maintenance and repairs for the Kistna Northern division is Rs. 35,000. The bulk of the money is reported to have already been spent, and it is represented to be absolutely necessary that additional funds to the extent of Rs. 36,000 should be provided. All the works noted in the appended list received from the Superintending Engineer that relate to the anicut and head works are stated to be essential to the existence of the works. The repairs this year to the anicut have been heavy, but to neglect the weak places would have been most unwise, and nothing, it is said, has been done that was not absolutely necessary for the safety of the works.

3. The existing grant of Rs. 40,500 for the same division under tools and plant provides only for ordinary expenses, and it is found to be insufficient to take up the estimates for constructing punts for mounting the two Cockburn's dredgers received from England in 1895. The estimates for the punts, amounting to Rs. 10,430 were sanctioned in G.O., No. 127 I., dated 10th February 1897. It is considered highly undesirable that this expensive dredging plant should be left unmounted for another year for want of funds.

	Rs.
* Maintenance and repairs	36,000
Establishment	8,280
Tools and plant	10,000
	54,280
Say ...	54,000

4. Under the above circumstances the undersigned strongly recommends that the Government of India may be requested to sanction an additional assignment of Rs. 54,000 * for the Kistna delta system under "42. Major Works (Working expenses)."

5. The usual application is appended.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

9th June 1897.

ENCLOSURES.

STATEMENT to accompany application for additional grant of Rs. 54,000 under 42. Major Works (Working Expenses) for expenditure on the Kistna delta system during 1897-98.

Amount of expenditure in the year for which sanction is asked.	Major and Minor heads under which expenditure will fall with the amounts of sanctioned grants under each.	Probable expenditure in the whole year under the grants mentioned in column 2, if the expenditure in column 1 is sanctioned.	Major and Minor heads under which it is proposed to reduce the grants with the sanctioned grants under each.	Probable expenditure in the year under the heads mentioned in column 4.	Amounts by which it is proposed to reduce the grants under the heads mentioned in column 4.	Explanation, if no re-appropriation is considered possible; in such cases the urgency and necessity for the outlay must also be explained.
