G.O., No. 906

DATED

9 January

[Despatch Abstract.]

Mr P. V. Maunick Naraka. Extending with
remarks the apprenticeship of — by a period of 3
months from 1st January 1897 in view of his
fitness for the charge of a Subdivision being
specially tested by the S.E.

19th December 1896.

FROM,

EXECUTIVE ENGINEER.

COIMBATORE DIVISION.

TO,

THE SUPERINTENDING ENGINEER.

FOURTH CIRCLE

SIR,

ENCLO :

In reply to your No. $\frac{733}{C.S.}$ of the 14th instant, I am unable to say whether Apprentice Engineer Mr. P. V. Manicka Nayakar is fully competent in all respects to hold a Sub Divisional charge. I took charge of this Division on the 1st September 1896 and the Apprentice Engineer was transferred to Madras for his equitation course from 19th August 1896 to 31st October 1896. He has therefore been under me for a very short time and I have only seen him on works once. He seems active and energetic and takes an interest in his work and I think

promises

promises to do well, but I think it
would be advisable to place him in
actual charge of a small work or works
on which both piece-work and depart-
mental labor are employed, without
a check to assist him, for say 3 months,
before he is placed in charge of a sub
division. ? ~~clear~~

I have the honor to be,
Sir,
Your most obed^t. servt.
